

Sweetheart Of Interact Club To Be Named

Sonja Nelson

Ainsley Brook

Linda Walpole

Judy Mieuré

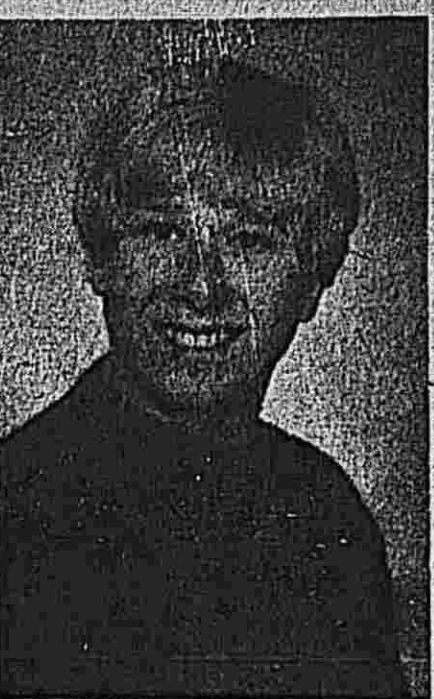

Karen Schleusner

Karen Becvar

Donna Harvey

Wendy Jensen

The official "Sweetheart" of the Interact Club of Antioch will be chosen at the February 11th "Sweetheart Dance," which will begin at 8 p.m. at the Antioch Savings & Loan Building.

Candidates for the title are: Karen Becvar, Ainsley Brook, Donna Harvey, Wendy Jensen, Sonja Nelson, Karen Schleusner, Linda Walpole, and Judy Mieuré.

The title of "Sweetheart" goes to the girl with the most advanced ticket sales, so help your chosen "Sweetheart" win her title by buying your tickets in advance.

Advance ticket prices are 75c for singles and \$1.25 for couples. Although the prices will be slightly higher at the door, a special price of 50c per person

will be in effect for interested Eighth Grade Students.

Music will be supplied by "The Axis," a group from Richmond, Illinois. Members of the Antioch Rotary Club will chaperone this event.

The money received from this dance will be used for high school student projects.

What About Home Rule

(Third in a series of articles on the significance of local government today. This one looks at the concept of home rule, as it relates to all local governments.)

By L. E. AHLWEDE

Where is home rule these days? The answer may depend upon its definition, of which there are many.

A specific definition and application — of home rule relates to municipal government. It involves granting of rights through the state constitution or through legislative action to give municipalities a choice of the form of government they desire. And it

involves granting of powers to local governments to rule on matters of local concern without federal or state interference.

A broader interpretation is simply rule at home levels.

This applies to the political rights, privileges and opportunities of all local governments to determine and regulate their own affairs. Within limits, of course.

The question of limits is the tricky one.

Municipalities are given the right to decide whether they want an aldermanic, council type, mayor or city manager type of government.

If this home rule concept is

applied to municipalities, why is it not applied to counties and townships as well?

Counties and townships have been criticized for inadaptability as units of local government. But they are generally given no choice to make adaptations or modifications in their form of government, or to modify their operations to meet changing needs.

As a very simple example, Illinois townships are regulated by state legislative action dating back for more than 100 yrs. Yet, this legislation is spread throughout statutes and codes and diverse legislation that is often difficult to follow.

Sheriff's Annual Report

Sheriff's deputies logged 1-million 50,000 miles in the line of duty last year, Lake County Sheriff Harold Scheskie said this is about a quarter of a million miles more than were driven in 1968.

In a year-end report, Scheskie said his department investigated a total of 7,317 offenses filed during 1969. During this period 3,400 prisoners were booked into the county jail.

The civil process division handled over 24,000 papers including summons, injunctions, notices, citations, orders, rules, attachments, etc. for the circuit court and county.

Deputies investigated 2,805 motor vehicle accidents in the unincorporated areas last year in which 55 persons died and 1,070 were injured. This reflects an increase of 770 mishaps over 1968 but a decrease in the number of fatalities in the unincorporated areas.

One of the programs Scheskie is most interested in and has encouraged in the department is

CLC Offers New Music Programs

The College of Lake County will offer additional music opportunities beginning the second semester.

"Fundamentals of Music," a two-semester hour credit course designed to provide a background to interpret and understand the language of music through study of notation, rhythm, scales, intervals, triads, cadences, basic forms, and musical terms will meet on Tuesday evenings from 6:00 - 8:00 p.m. at the College in Room 521.

According to Warren G. Simpkins, Instructor of Music at the College, the course would help to prepare students for the study of harmony and would also be helpful for the student preparing to teach and for the classroom teacher who wishes to know more about music.

Simpkins also announced the formation of a new choral group — The College of Lake County Community Chorus — which is open to all residents of the Junior College District who are interested.

Salesmanship Award To R. G. Vaughan

EVANSVILLE, Ind. — The first Atlas Van Lines "Salesman-of-the-Year" award for 1969 has been presented to Robert G. Vaughan, announced J. J. Thorne, vice president—marketing of the world-wide household goods carrier.

Vaughan, a salesman for Nelson-Westerberg, Inc., Elk Grove

Vaughan

Village, Ill., is responsible for national account sales.

The award will be presented annually to the salesman of an Atlas agent who has made the greatest contribution to his agency, Atlas Van Lines, and to the moving industry, Thorne said.

Although he has been in the

Courthouse Deadline Still Feb. 1

Members of the Lake Co. Public Bldg. Commission met Wednesday, Jan. 21, and were told by representatives of Corbett Construction Co., the general contractor for the courts building, that Feb. 1 is still a realistic deadline for completion.

However, commissioners decided to convey a recommendation to the County Board of Supervisors that a dedication not be scheduled before the latter part of March or the first part of April.

Also at that session a final decision was made on what names shall appear on the plaque to be placed in the courts building rotunda. It will include five current members of the commission; three past members, two of whom are deceased; the treas-

Chamber Dinner A Success

HAPPINESS WAS ATTENDING THE ANTIOCH CHAMBER OF COMMERCE INSTALLATION DINNER-DANCE last Saturday at the Antioch Country Club.

An especially good time was had by all 208 guests.

John Romer acted as master of ceremonies and presented LaVerne Woods with his President's Plaque for 1969. John then introduced the officers for 1970, and for the first time, the Chamber is to have a President serve a two-year term.

Woods of the First National Bank is president for 1970; Grant Spang of Quaker Industries, 1st Vice President; Hillard Tobieski of the Lakes Area Advertiser, 2nd Vice President; and Ray Scarpelli of Teresi Chev-Olds, Secretary-Treasurer. The other directors are Joe Beemsterboer of Antioch V & S Hardware; Jack Fields, State Bank of Antioch; Doug Olson, General Store; Bill Mendrala, Antioch Drugs; and John Romer of Romer Insurance Agency.

Woods gave a speech, thanking his past committees for their efforts during the past year, and stating that the Chamber was looking forward to an even better 1970 with the formulation of additional committees that will be concerned with legislation, education and civic improvements, a main concern of the civic improvement committee will be that of pollution.

John Romer thanked the retiring directors, Ken Schultz of Lyon-Ryan Ford; Russ Barnstable, Barnstable's Inc.; Henry A. Pickard of Pickard, Inc., for their many efforts on behalf of the Chamber.

The entertainers, "The Comedy of Ralph Carnevale and Mary," surpassed the greatest of expectations. They were a fresh, fast-moving comedy sensation.

Local talent was discovered by the Carnavales in Dick Ford of Antioch Carpet, Carolyn Costoff and Bill Sandy. Carolyn's talent as a dancer was outstanding, and Dick revealed his heretofore unknown concern for propriety in dress, while Bill Sandy demonstrated his prowess on the dance floor, so much so that he was held over for more special instruction. They were a sensational trio and extremely good sports!

The rest of an enjoyable evening was spent dancing to the music of Merv Rosen's Combo.

VOL. LXXXIV. NUMBER 32

Public Doesn't Want Route 53 As Freeway

Village officials in Northwest Lake County expressed their view on where they want the Rte. 53 freeway located—but individuals at a meeting last Thursday night don't want it anywhere.

That was the consensus after more than 500 persons jammed into the Lake County Fairgrounds to hear the state highway department officials explain the choices in the proposed road. Spokesmen from Antioch reported they were for the proposed freeway but they were violently opposed to any route which would go too near or just east of the village.

As previously reported they preferred a corridor that would continue north from Rte. 173 along or east of Deep Lake Road to the Wisconsin line.

Lake Villa officials opposed a route which would take the highway through the center of the township and would prefer the route which would run northeast

Petty To Be V.I.P.

On March 7 St. Peter's will hold its second annual Antioch V.I.P. dinner dance at Lorenz's Smart Country House on 173 at Tiffany Rd. just west of Antioch.

Dr. W. C. Petty, County Superintendent of Schools, will be honored as the V.I.P. of 1970.

Entrance to the dinner dance will be by ticket only. Tickets

Dr. W. C. Petty

will not be sold at the door. The tickets are \$7.00 per person which will entitle you to the dinner and dancing. There will be a cocktail hour starting at 6:00 p.m.; dinner will start at 7:00 p.m.; dancing to the orchestra of King Jaros will begin at 9:00 p.m.

(Continued on page eight)

William Brook, left, president of the State Bank of Antioch and Antioch High School concert band members Dawn Ellis and Diane Vos, and Mrs. Jane Craner, art director at the school, admire the new 23-inch color television set the State Bank has donated along with one of Mrs. Craner's paintings for the drive to raise

money for the Antioch High School's Concert Band Tour to New York. Tickets for the drawing for the two prizes which will occur on March 7 at the annual Mid-Winter Band and Choir concert, will be on sale by members of the concert band during the month of February.

Wendy Jensen Is Antioch Nominee

Wendy Jensen, the daughter of Mr. & Mrs. Robert Jensen of 477 First Street, Antioch, has been selected to represent Antioch Community High School as the DAR Good Citizen.

Fifteen girls were nominated by the Senior class executive council and the Senior class elected three of these to present to the faculty who elected Miss Jensen.

The Daughters of the American Revolution will honor one girl from each of the fifty states, selected from the Senior Classes of Public, Private, Parochial Senior High Schools, as excelling in the following qualities which determine good citizenship:

DEPENDABILITY — Truthfulness — Honesty — Punctuality

SERVICE — Cooperation — Helpfulness — Responsibility

LEADERSHIP — Personality — Self-control — Initiative

PATRIOTISM — Unselfish Loyalty to American Ideals

The aim of this project is to pay tribute to youthful character and to call attention to those qualities which are desirable in good citizens.

Wendy's school activities con-

Wendy Jensen

sist of: Student Council Treasurer, GAA President, Cheerleader, AFS, Yearbook and the Swing Choir. Her hobbies include singing and playing the guitar, sculpturing and tennis.

She plans to attend North Central College in the field of physical education and biology with additional interests in music participation.

Board Okays Kitchen Equipment

The Antioch Grade School board has approved \$3,900 to provide four folding partitions between classrooms to allow flexibility in the educational program for team teaching projects and the purchase of kitchen equipment for its new upper grade school.

The low bidder on the kitchen equipment, which includes such things as a deep freeze, dishwasher and refrigerator, was Metal Equipment Co., Chicago, with a bid of \$30,890.

The board also furnished notice that nominating petitions are in order for positions on the school board. Terms of Mrs. Joan Toft, R. Wayne Polsgrove and Harry Stewart are up in April.

Stewart's post is for a one-year term while the other two positions are for three year terms.

A special meeting will be held at 7:30 p.m. Feb. 3 to consider a decision on equipment for other areas of the new school.

Every job is a self portrait of the person who did it. Autograph your work with excellence.

PTA Will Meet On Feb. 4

Antioch Community High School PTA will hear The Antioch Freshman Band, and members of the Student Council discussing the purpose, elections and accomplishment of the student governing body and an observance of Founders Day Feb. 4, at 8 p.m. at the high school cafeteria.

Advisors of the Student Council Harrison Brown and Donald Drake will present Mike O'Neil, Sherry Dalgaard and Chip Gross, members in a review of the council's accomplishments and history.

Foreign exchange students Daniel Carod of Argentina and Pratchya Rokchartchareon of Thailand will give their impressions on their observances of the Antioch democratic process of which they were automatic members by virtue of their value to the school.

The color guard will present the flag and Rev. Philip Laurin of St. Stephen Lutheran Church will offer the invocation.

Music played by the Antioch Freshman Band will add harmony.

Keep Working

The recent rejection by Lake County School Superintendent W. C. Petty of a petition to form a unit school district in Waukegan should have no bearing on what happens in Antioch.

We are of the firm opinion that the Antioch District should combine into a unit school district.

This would eliminate a great number of duplications that exist in the area by the Antioch system and still bring more money into the district because the state looks favorably on such a district.

There are small districts in the area that are having a tough time to make ends meet and we feel that this would be one way of solving the problem.

It would seem to us that the cries heard from the dissenters in the Waukegan area should be ignored by those in this area trying to bring about a system that would most benefit the children attending the schools.

It would also seem to us that a continuous system of education, under one administration, would be to the best advantage of the students who attend here.

We hope that those who are interested in establishing a unit school system—which has worked very well in Wauconda and Round Lake—an area like our own, will not be discouraged but will work toward bringing about the change.

We feel that the advantage of such a system would, in the long run, greatly outnumber the disadvantages.

We would support such a move and hope that the talks now going on about such a system would end in the establishment of a unit school district for Antioch.

A Bad Veto

Aid to public schools suffered a severe setback Monday when President Nixon vetoed the Health-Education-Welfare bill which contained aid for school systems throughout the nation—including Antioch.

It would seem to us that the President's premise that the measure would increase inflation would need another thorough looking at.

Local taxes—especially for the support of school systems—are now at an all-time high and residents are reluctant to vote for more taxes—although Antioch has approved both grade school and high school expansion programs.

But it would seem to us that inflation should be stopped on another plane rather than in the school systems throughout the nation.

The only saving factor is the fact that Congress can override the President's veto and we urge our members of the Congress to do just that.

We feel that cuts could be made in foreign spending and other areas rather than in a bill that would affect every school system throughout the country.

Our children are our greatest asset and it is up to us to see that they receive the education necessary to carry on the concepts that has made our nation the strongest one in the world.

But by strong we do not necessarily mean military-wise, although we admit it is a necessary part of our expenditures.

But even military spending, with an unpopular war in Vietnam, could be cut rather than burying our educational system.

Politicians are receptive to letters from their constituents which set the pattern for their voting.

We urge a letter writing campaign that would save this most necessary measure in home relations—forget foreign spending for a while.

Letters to the Editor

Some recent statements from leaders of the Illinois Catholic Conference (ICC) have given the impression that—in the matter of tax aid to nonpublic education—Governor Ogilvie's administration is solidly committed to the ICC-sponsored proposal under which the state would contract with nonpublic schools for the purchase of secular subjects.

However, the Governor's staff has told representatives of the National Association for Personal Rights in Education (NAPRE) and the Illinois Association for Nonpublic Education that the administration has no commitment at this time to any specific proposal but is rather waiting the deliberations and recommendations of the Elementary and Secondary Nonpublic Schools Study Commission created by the General Assembly and chaired by Rep. Eugene Schlickman.

This attitude is commendable, especially since in this matter there is powerful support within the state for a second approach under which parents of nonpublic elementary and secondary students could assign tax-supported vouchers to approved schools of their choice. This concept is exemplified in the Matijevich bill which the Illinois House of Representatives passed last May by a 98-58 vote.

Recently Dr. Gordon Werkema, President of Trinity College and of the Illinois Association for Nonpublic Education, called a meeting of the latter organization to which leading nonpublic education groups and individuals were invited and at which the respective merits of these two proposals were debated. In the voting which followed, the Jewish, Protestant, private school, black community, and NAPRE leaders present—along with substantial support from Catholic parents—rejected the purchase of services contract plan presented by the Illinois Catholic Conference and instead endorsed a parental voucher program.

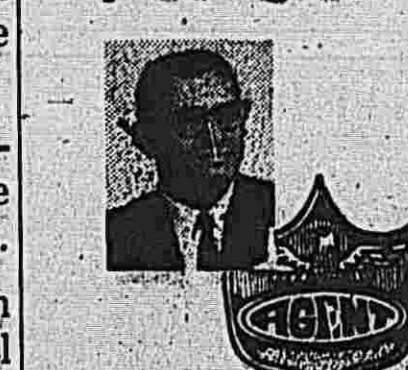

Their arguments against the purchase of services plan include objections by tax-paying parents to schools and churches attempting to represent them before the state government on this crucial issue of the distribution of the education tax dollar, fear of state domination and secularization of the schooling of children, and dissent through conscience. Their arguments for parental vouchers stress the fullness of freedom of mind and conscience for families, higher quality of schooling for all children, sounder constitutional standing based on the personal civil rights of parents and students rather than on the claims of schools and churches, and the precedent of the program of tuition grants for students enacted in 1967 by the Illinois General Assembly.

Nicholas J. DeLeonardis
President, NAPRE

FAMOUS CAKE

Did you see the cake Alice Young displayed in the Bakery window last week? It was to be given to Lou Boudreau for his birthday party.

Speaking of famous men... St. Peter's Altar & Rosary Society's meeting next Monday will feature a program by Mrs. Phyllis McMillen entitled "Mothers of the Presidents." The public is invited and it will be a most interesting program because Phyllis makes history come to life for everyone.

FUN WEEKEND

Ev and Elaine Oftedahl hosted a gay weekend at Lake Geneva's Playboy Club with tobogganing and swimming... in the cold?

MANY VISITORS

Nancy and Del Peterson were the weekend guests of Nancy's parents, Mr. and Mrs. Robert Irish and her grandmother, Mrs. L. V. Stiller. Also home from Bradley University is Mrs. Stiller's grandson, Bill Hansen, Jr.

Mrs. David Switzer of McHenry spent Tuesday visiting with her grandmother, Mrs. Margaret Gaston.

IT'S A GIRL

Bill and Mary Seemann are proud parents of a baby girl.

Depke Opens Campaign Headquarters

Campaign headquarters for Robert Depke, Republican candidate for Lake County Treasurer will be formally opened in Waukegan on Friday, January 30. The grand opening ceremonies will begin at 5 p.m. and continue to 9 p.m. A variety of refreshments and hors d'oeuvres will be served.

"The 'Depke for Treasurer' headquarters is located in the former Walgreen agency at Washington and Genesee Streets in the heart of Waukegan.

Attending the grand opening will be Lake County officials, Republican leaders from throughout the county, Republican precinct committeemen, and others, the public is invited and encouraged to attend the formal opening. The headquarters will remain open daily throughout the campaign. Hours will be from 9 a.m. to 5 p.m. It will be staffed by a voluntary women's organization representing every corner of Lake County.

"Friends, supporters and others interested in my campaign for treasurer are invited to attend the grand opening or stop by during the week," Depke said. "Beginning this week, the headquarters will be a rallying point for my campaign. It will be a place where the public and party officials can meet, talk and have a better chance to become acquainted with my staff and campaign work."

Health Group Will Meet On Jan. 29

The regular monthly meeting of the Lake County Health Services Planning Committee will be held this afternoon (Thursday, Jan. 29, at 3 p.m. in the conference room of the Waukegan Public Library.

This committee was set up by resolution of the County Board of Supervisors on March 11, 1969, to study health problems and is expected to assist the Health, Education and Welfare committee of the board in developing a county-wide plan for an efficient and effective system of health and medical services.

One of the first objectives is to obtain financing for full-time staff so that a comprehensive survey of medical facilities and institutions can be initiated.

According to G. M. Dixon, superintendent of the Lake County department of maps, 95 new subdivisions were recorded during 1969. In addition, the department made 1,402 revisions in property assessment maps due to changes in boundaries.

Reviewing the work load of the department for the past year, Dixon said one of the more interesting statistics was the 24,425 name and address changes of property owners processed. This is some indication of the mobility of families, though it does not tell whether they come from out of the county or merely moved to another location within the county.

The map department also printed and distributed 16,824 revised property assessment maps to the various assessing authorities during the year.

Stephanie Jane, who weighed in at over 9 lbs.

HEARTY APPETITES

Fire Department's annual toboggan party was last Saturday. Between the outdoor sports and crisp air everyone worked up a good appetite for the delicious meal which followed. Nancy, Jean and Marie could be asked "Should a fella offer a lady a Tipperloo?"

WELCOME HOME

Father McGourty who is now able to leave the hospital for short visits!

V.I.P. PLANS IN FULL SWING
Dr. W. C. Petty is the V.I.P. for this year's Annual tribute. It will be a gala affair for this wonderful citizen.

NEWLYWEDS

Congratulations to the newlyweds Mr. and Mrs. Frank Heck. Mrs. Heck is the former Lillian Smoe.

PEACE CORPS SPEAKER

Jane Wolff, former Peace Corps member will be the guest speaker at the Antioch Woman's Club meeting next Monday.

MRS. OFTEDAHL A GREAT-GRANDMOTHER

Mrs. John Oftedahl, Antioch, became a great grandmother Saturday, January 24, when her granddaughter Darcy (Mrs. James Shortridge) had a baby girl, Jan Marie, at Highland Park Hospital. The maternal grandparents are Mr. and Mrs. Howard Hagemann of Deerfield.

Bruce Muir Is Member of Owl And Torch

Bruce R. Muir, son of Mr. and Mrs. Blythe D. Muir of Antioch, is a member of Owl and Torch at Vassar College. This is a selected group of students who serve as guides for campus visitors.

Muir, a graduate of Antioch Community High School, is a junior at Vassar, where he is centering his studies in History.

Darlene M. Johnson Is ACHS Homemaker

Darlene M. Johnson has been named Antioch Community High School's 1970 Betty Crocker Homemaker of Tomorrow. Selected on the basis of her score in a Dec. 2 homemaking knowledge and attitudes examination for which a record 648,041 senior girls in 15,040 of the nation's high schools were enrolled, she is now eligible for state and national honors.

She will also receive a specially designed silver charm from General Mills, sponsor of the annual educational program.

Test papers of all school winners in the state are currently

undergoing additional judging, and a State Homemaker of Tomorrow will be named in March. She will be awarded a \$1,500 college scholarship; the second-ranking girl in the state receives a \$500 educational grant.

Additionally, first-place winners from the 50 states and the District of Columbia—together with advisers from their schools—will receive an expense-paid educational tour of Washington, D.C., and Colonial Williamsburg, Va., this spring. Climax of the tour will be naming of the 1970 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000.

Three runners-up will also be selected and will be awarded \$4,000, \$3,000 and \$2,000 scholarships. National judging will center on personal observation and interviews during the tour.

Begun by General Mills in the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. During its 16-year history, more than seven million young women have been enrolled in the program and scholarship grants total approximately \$14 million.

The test which forms the basis for selection of winners is prepared and scored by Science Research Associates, Chicago. Schools of state winners are awarded sets of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

The VA says the current 335,351 enrollment in institutions of higher learning is a 28 per cent increase over the 261,347 in training in college at the end of October 1968.

It is argued that many benefits flow from the presence of Federal franchise. However, in the State of Illinois, benefits measured in terms of additional sales taxes, and even gasoline taxes and motor vehicle licenses re-round not to the school districts, but to the County, State and Municipal Governments.

In response to the need expressed by school administrators throughout the 12th District, this Member of Congress has urged the President to forego a veto of the HEW-Labor Appropriation Bill. It is true that the fight against inflation must go on. But it would seem to be most unwise to carry on the fight primarily at the expense of school children in districts adversely affected by Federal installations.

Cheryl Ann Denman Wed By Candlelight

Cheryl Ann Denman of Muskegon, Michigan, became the bride Jan. 16 of Philip Arthur Marcell, of Muskegon, Michigan, in candlelight ceremonies conducted by the Rev. L. H. Messersmith in Millburn Congregational Church.

The former Miss Denman is the daughter of Mr. and Mrs. Robert Denman of Lake Villa. The groom's parents are Mr. and Mrs. Leonard J. Marcell of Muskegon.

The bride chose an ivory satin gown with an ivory lace covered chapel train. She was attended by her sister Patricia as maid of honor and Ann E. Marcell, sister of the groom, as bridesmaid.

Flower girl was another sister of the bride, Diane.

The groom was attended by Michael Polack as his best man and Charles and Mark Denman, brothers of the bride, as ushers.

A reception was held in Lauren Hall, Millburn Congregational Church following the ceremony.

The bride is a graduate of Antioch High School and the Hackley Hospital School of Nursing where she is employed as a registered nurse.

The groom is a graduate of Muskegon High School and served in the U. S. Air Force. He presently is attending Muskegon Community College.

Antioch's Betty Waite is featured in the role of Dorothy Cleves in this Friday's PM&L production of the hilarious comedy "Any Wednesday." She will also play the role on the final night, Feb. 7.

4-H Leaders To Receive Sewing Tips

Lake County 4-H sewing leaders and junior leaders will receive instructions on "Your Sewing Machine." Wednesday and Thursday, Jan. 28 and 29, and Saturday, Jan. 31 and Feb. 7, from 9:30 a.m. to 3:00 p.m. at the new Extension office, Routes 45 and 120, Grayslake, reports Barbara Dahl, Lake County Assistant Extension Adviser, Home Economics.

4-H mothers, adult Extension unit members, as well as junior leaders may also enroll for the session designed to acquaint volunteer 4-H leaders with methods of teaching 4-H members the best use of the sewing machine.

The course covers demonstrations and individual practice sessions on machine adjustment and care, machine adjustments for various fabric weights, textures and thicknesses, and practical use of special features and attachments of the sewing machine.

All who attend the workshop sessions will receive a Certificate of Merit from Singer Company, a national sponsor of the 4-H sewing project, Mrs. Dahl reports.

A nationwide network of March of Dimes Birth Defects Centers provides advanced diagnosis and treatment for children born with handicaps.

Legion Auxiliary

By DEL JAHNEKE

"Now that the holiday season is past, and the new year well advanced, the 10th District American Legion Auxiliary members should be 'winding up' their membership drives," states Mrs. Robert Broege, Deerfield, District Vice President and Membership Chairman. "Nearly 78% of their anticipated 2275 membership has been paid in already. Two units, Lake Zurich and Highland, have attained their 100% membership goal, with several units close to this goal," quoted Mrs. Broege. "Membership is always stressed in the American Legion Auxiliary, since it is only through their large membership, that they are enabled to carry their many fine programs to completion."

In order to be eligible for membership in the auxiliary, the applicant must be either the wife, mother, daughter or sister of a Legionnaire; the wife, mother, daughter or sister of a veteran who died in service during World War I, World War II, the Korean Conflict, or the Viet Nam War, called a gold star member; the widow, mother, daughter or sister of a veteran who served during any of the named wars and is since deceased; or an ex-servicewoman who served in any of the four wars.

Eligibility dates set by Congress are World War I - April 8, 1917 to November 11, 1918; World War II - December 7, 1941 - Sept. 2, 1945; Korean War - June 25, 1950 - July 27, 1953; and the Vietnam War eligibility date set by the American Legion is August 5, 1964 to the present date.

"There is a wealth of happiness and satisfaction to be gained in volunteer work done for the disabled veteran, a veteran's widow and his dependents; in fostering Americanism and patriotism; performing useful and needed child welfare work; and many other community service projects," Mrs. Broege goes on to say. "By joining the American Legion Auxiliary, one of the largest service organizations in the world; you enrich your own life by bringing happiness to others less fortunate than yourself."

Eligible women, wishing to be an American Legion member, are asked to contact either the president or membership chairman of their local unit. Mrs. Ray Rathmann is president, and Mrs. Trudi Nelson, membership chairman.

Mr. and Mrs. Philip Marcell

Mrs. Olson New Head of Ladies GOP

Mrs. James Olson has been elected president of the Ladies Auxiliary of the Antioch Township Republican Club replacing Mrs. Leonard Case who was elected second vice-president.

Others elected include Mrs. Lloyd Murre, first vice president; Mrs. Herbert Horton, secretary; Agnes Van Patten, treasurer; and Mrs. Peter Schaffner, sgt. at arms.

Officers of the club and its auxiliary will be installed at a dinner meeting in the Antioch Country Club on March 7.

of the Antioch American Legion Auxiliary.

Approximately, twenty-five juniors and senior members attended the 10th District Juniors Meeting, held in the Round Lake American Legion Home, on Jan. 23rd. Mrs. Al Dorn, Mundelein, and Mrs. R. Rathmann demonstrated the correct way to conduct a meeting. The nominating committee was voted on, with Susan Rathmann of Antioch one of the five committee members. Plans were discussed regarding a roller skating party early in March.

Representing the Antioch Unit were Mrs. Rathmann, Mrs. Bernard De Vries, Junior Activities Chairman; and juniors, Susan Rathmann, Coleen DeVries and Caroline Winkler.

Social Notes

EARL HORTON HONORED WITH 50-YEAR JEWEL BY THE I.O.O.F.

Earl Horton of the Antioch Lodge No. 723, Independent Order of Oddfellows (I.O.O.F.), was presented with a Fifty Year Jewel in an impressive ceremony, held at the District 13 meeting of the I.O.O.F. in the Waukegan Rebekah Lodge Home, on January 21. In attendance were the Earl Hortons, Mr. and Mrs. Charles Ferris, Mr. and Mrs. Clarence Perkins, Mr. G. Crandall, Mrs. Clarence Larson, Mrs. John Hagen and Mrs. Walter Buchert.

Antioch Lakeside Rebekah Lodge No. 82 Mrs. Charles Ferris also was honored when she was installed as Vice President of Dist. 13 in a ceremony held at the Libertyville Masonic Lodge, on January 15th. Mrs. J. Hagen, Noble Grand, Mrs. C. Larson, Mrs. W. Buchert and Mrs. Ferris were present at this District installation of officers.

The Thomas Jacobsens, Beach Grove, enjoyed a delicious dinner at Nino's Restaurant in Kenosha, on Sunday, January 18, then spent the remainder of the afternoon visiting with Mr. and Mrs. William Swanlon of Kenosha.

The Woman's Missionary Society of the Antioch Evangelical Free Church had a baby shower for Mrs. John Denke, Jr., on Jan. 21, at their church. Many lovely and useful gifts were received for the "newcomer-to-be" from the 21 ladies present. A delightful salad luncheon preceded the shower. The party was sponsored by the WMS, with Mrs. Robert Brant and Mrs. William Ames, planning the affair.

Mrs. Walter Buchert and son entertained the Lloyd Radlin's of McHenry Sunday, Jan. 25. Mrs. Radlin is Mrs. Buchert's sister.

Barat College Sets Workshop On Marriage

"Courtship, Sex, and Marriage" are the subjects of a four day workshop to be held at Barat College in Lake Forest by the Menninger Foundation, a non-profit center for treatment and prevention, research and professional education in psychiatry.

The workshop, conducted by an eight man Menninger team, will run Feb. 9 through 12. The team will be headed up by Dr. Kenneth R. Mitchell, Director for Training and Education, Division of Religion and Psychiatry for the foundation.

A one o'clock lecture will be given each of the four days, and these lectures will be open to the public. The rest of the time will be devoted to small group discussions and individual interviews with Barat students - entirely on a volunteer basis.

The best way to tell a woman's age is in a whisper.

County Women At Meet

Twelve Lake County Homemakers and the Extension Adviser, Mrs. Helen Volk, are attending the Illinois Homemakers Extension Federation Annual Meeting at the Urbana campus of the University of Illinois this week. Those attending are: 4 delegates - Mrs. Peter Sneesby, Mrs. Warren Chard, Mrs. Calvin Bracher and Mrs. Gilbert Clem; 8 others - Mrs. Melbourne Mudd, Mrs. Frank Schneider, Mrs. Elger Putman, Mrs. Stanley Hatch, Mrs. Francis Gagnon, Mrs. Herman Stiehr, Mrs. Harold Gerry and Mrs. Lydia Bury.

Of special interest is the fact that Mrs. Sneesby, who will complete her term as President of the Lake County Home Economics Extension Council in April, has been nominated for the position of Director for northeast Illinois on the State Board. Mrs. Stiehr is a past President and Mrs. Gerry a past Secretary of the State Board.

The annual meeting of the IHEF offers the membership a combination of business, education and entertainment. The event scheduled for Jan. 29-30 usually attracts about 600 women to the University of Illinois, Urbana-Champaign. This year's program committee selected the theme "Our Heritage and Our Future."

A business meeting will open the two-day event at 1:00 p.m. in the Krannert Center for the Performing Arts. This session features Judge William J. Obermiller, who is known as the "Spanking Judge" for some of his legal decisions.

The Thursday evening banquet speaker will be Mrs. Lorraine Treblcock, U. of I. professor of textiles and clothing. Her topic is "Seven Ages of Women." The banquet program also features music by the Mark Family from Wheaton. The Chicago Tribune called from "Chicago" the equivalent of the famous Von Trapp singers who inspired "The Sound of Music." The parents and their five children sing and play musical instruments.

During the Friday morning session, delegates will attend a series of workshops covering five program areas: citizenship and safety, cultural arts, international relations, public information and IHEF information for Extension advisers.

Evangelist Is Coming To Coliseum

A group of some of Chicago's leading business and religious leaders voted recently to invite Evangelist Tom Skinner of New York City to come to Chicago for a united evangelistic crusade. Skinner has agreed to come and the eight days of meetings will be held in the 7,000 seat Coliseum located at 15th Street and South Wabash Avenue. The dates for the Crusade are Sunday, April 19, through Sunday, April 26. It is anticipated that more than 500 Chicago and Suburban churches will participate.

Co-chairmen for this event are Rev. W. N. Daniel, pastor of the Antioch Missionary Baptist Church, and Joel Hayes, a Chicago businessman. Other officers of the Crusade Committee include: Rev. David Mains, Pastor of the Circle Campus Church, Secretary, and Richard Linyard of the Seaway National Bank, Treasurer.

Crusade offices have been opened at 841 East 63rd Street and will be staffed by local, as well as New York City personnel. In charge of co-ordinating the various committees named to handle the duties of such a large crusade is Rev. Bill Pannell, Associate Evangelist of the Tom Skinner Crusades. Rev. Pannell will be assisted by another associate of Skinner, Richard Parker of the New York City staff.

Skinner, 27 years old, will relate to audiences during these eight days, how he led two lives; by day he was a model student; by night he "rumbled" with the Harlem Lords, a street gang he headed.

War veterans who are totally and permanently disabled from service - connected causes can now receive outpatient care at VA hospital clinics for conditions not connected with their military service as well as for service-connected conditions.

A special summer workshop on electronic music at Southern Illinois University attracted musicians from nine states.

Registration For CLC Set For February

The College of Lake County will begin classes for the spring semester on Monday, Feb. 9. Formal registration and payment of fees will take place at the College campus on February 3, 4, and 5. The following is the registration schedule for part-time and full-time students:

I. PART-TIME STUDENTS
Tuesday, Feb. 3, 6:00-9:00 p.m.
Part-time students whose last names begin with P - Z
Wednesday, Feb. 4, 6:00-9:00 p.m.
Part-time students whose last names begin with H - O
Thursday, Feb. 5, 6:00-9:00 p.m.
Part-time students whose last names begin with A - G

II. FULL-TIME STUDENTS
Tuesday, Feb. 3, 9:00 a.m. - 4:00 p.m.
Full-time students whose last names begin with N - Z
Wednesday, Feb. 4, 9:00 a.m. - 4:00 p.m.
Full-time students whose last names begin with A - M

All high school graduates are eligible for admission to the College. Non-graduates, 18 years of age or older, may be admitted if they demonstrate the capacity and maturity to benefit from programs and courses offered by the College. Evening and Continuing Education programs are being expanded to meet the needs of adults within the College Community, and all classes are open to adults who meet course prerequisites and wish to attend.

A new student planning to enroll full-time should provide the following: 1. A completed application form, 2. A College medical examination form completed by a physician, 3. high school and college transcripts, and 4. American College Test (ACT) scores.

New part-time students who plan to enroll for eight or fewer semester hours must submit only the application form and may complete the form at the time of registration.

A wide range of courses is offered for the spring semester and will be of interest to recent high school graduates as well as other adults wishing either to earn college credits or to pursue courses for personal or professional improvement.

Many students pursuing a four-year degree earn their two-year Associate Degree at CLC and then transfer to a four-year institution without loss of time or credit. University-Parallel programs are available in the following areas of study: Liberal arts and sciences, business, education, engineering, humanities, natural sciences, mathematics, social sciences, and pre-professional careers.

Career programs of a technical and semi-professional nature are offered for persons desiring college preparation for specialized careers in business, industry, and health. Career programs of one and two years in length include the following: Accounting, data processing, insurance, marketing, mid-management, real estate, dental assisting, registered nursing, practical nursing, library aids, teacher aids, secretarial science, architectural drafting technology, mechanical drafting technology, chemical technology, electrical technology, and electronics technology.

Professional college counselors are readily available to assist students in planning and selecting a program of courses appropriate for the students' educational objectives. Persons interested in more information concerning enrollment for the spring semester are encouraged to call the College Office at 223-8193 or visit the College campus. Persons who have decided on a course of study should plan to register on Feb. 3, 4, and 5.

The Servant Will Open Barat Season

"The Servant" by Harold Pinter will open Barat College's 1970 Film Forum on Wednesday, Feb. 4 in the college's Drake Theatre in Lake Forest.

Winner of three British Academy awards "The Servant" was directed by Joseph Losey and stars Dirk Bogarde.

As in the past a panel discussion and coffee hour will follow the 8:00 p.m. performance.

Other films in this series include "The Pawnbroker," Feb. 18; Kinetic Art, March 11; "La Guerre est Finie," April 18; and "Gate of Hell," April 30.

Adult series subscription costs \$5.00; student subscription \$2.50. Single tickets may be purchased at the door for any performance at a rate of \$1.50 for adults, .75 for students.

Call 395-4111 to place a Society or News item.

Mr. and Mrs. Walter A. Nelson

Couple Will Mark 60th Anniversary

Mr. and Mrs. Walter A. Nelson of 1001 Grand Ave., Waukegan, Illinois, will celebrate their sixtieth wedding anniversary on Sat., Feb. 7, 1970.

They will be honored at an "Open House" held at the home of Mr. and Mrs. Robert A. Elsen.

granddaughter 908 Boesch Place, Ingleside.

Walter and Gertrude Nelson were married at Wadsworth, Illinois by Father John B. Foley in 1910 at St. Patrick's Church.

Nelson is a retired employee of the North Shore Railway. A daughter, Mrs. Helen Burnett, lives in Poway, Calif. and a son, Charles F. Nelson, resides in Waukegan. The couple also have three grandchildren and nine great grandchildren.

Mr. and Mrs. Nelson have lived in Waukegan for fifty years. Friends are invited to call at 908 Boesch Place, Ingleside, between the hours of one p.m. and five p.m. Saturday, Feb. 7, 1970.

mony to the evening. Nominating committee will give their report and a scholarship and auditing committee will be appointed by President "Mike" Gross.

The profits from the Duel Dandy Donkey Basketball Game was the biggest moneymaking success the PTA has known. A big "Thank You" is extended to the business organizations and individuals who so heartily supported the event. The PTA received \$400 and the "A" Club realized \$386.

Presidents Mothers To Be Program

The Altar & Rosary Society will have an open meeting on Monday Feb. 2 at 8:00 p.m. in the Blue Room of St. Peter's School. All adults, and children in the 6th grade or above are invited.

The program, entitled "Mothers of the Presidents" will be presented by Mrs. Phyllis McMullen. Thirty-two performers, all from the Antioch area, will take part in this entirely new presentation. A unique feature of the program is that real mothers and their sons will portray the historical mothers and sons. Of interest to everyone will be the colorful costumes and the sometimes unusual stories about the lives of the president's mothers.

There will be a short business meeting preceding the program and refreshments after the program. Bring your family or a friend to an interesting and educational evening and to enjoy the "Mothers of the Presidents."

About 1,242,000 beneficiaries will participate in VA's training programs this school year.

President Neutral In Illinois

The White House has confirmed President Nixon's neutrality in the March 17 Republican primary for the United States Senate in Illinois. White House Deputy Press Secretary Gerald Warren stated that the President "is and will remain neutral" in the Illinois primary as well as other Republican primaries.

Warren made the statement to Sidney Friedman, Vice President of Chicago's 50th Ward Regular Republican Organization, which had endorsed William H. Rentschler earlier this week. Friedman had contacted the White House to protest what he termed "the transparent and highly misleading attempts by Senator Smith, Governor Ogilvie, and their assorted allies to imply that President Nixon was supporting Ralph Smith."

At a press conference in Rock Island Friday morning Republican Senatorial candidate William Rentschler said he was "pleased but not at all surprised" by this confirmation of the President's stance. "This opened a mile-wide credibility gap and casts doubt on almost every claim emanating from the interim Senator and his spokesmen. His believability surely will plummet from this point forward."

Rentschler continued, "Every effort has been made by my opponent and his sponsors to create the illusion that the President favored him and wanted me out of this race. This denial by the White House should, once and for all, rid this campaign of rumor, innuendo, and political trickery and allow us to move on to an open discussion of the major issues facing America today."

In explaining his call to the White House, Mr. Friedman said he was "convinced from the beginning that all the rumors about the President's stand were phony. After all, no one did more than Bill Rentschler to put him in the White House."

CHRISTIAN SCIENCE CHURCHES

"Love" is the subject of the Lesson-Sermon to be read in Christian Science churches this Sunday. The public is welcome to attend services, which are held at 11 a.m. at First Church of Christ, Scientist, Beacon Hill, Rte. 173 & Harden, Antioch, Ill.

A Bible passage in the Lesson-Sermon is from Romans: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, Nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

One of the citations from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Human theories are helpless to make man harmonious or immortal, since he is so already, according to Christian Science. Our only need is to know this and reduce to practice the real man's divine Principle, Love." p. 490.

CLC Offers...

(Continued from page one)

ed in singing.

Beginning the second semester, the chorus, conducted by Warren G. Simpkins, will meet on Tuesday evenings at 8:00 p.m. in Room 521 at the College. A variety of choral experience will be offered, ranging from larger choral works to lighter numbers from musical comedy.

The chorus may be taken for one hour credit or audit. Those desiring credit should register at the times specified by the College. Those not desiring credit may join by attending the first rehearsal, Feb. 10.

Persons desiring additional information regarding the "Fundamentals of Music" course or those who are interested in joining the College of Lake County Community Chorus may call the College at 223-8193.

Sheriff's Annual...

(Continued from page one)

outside training. Over two dozen deputies put in a total of 2,642 man hours in special courses designed to improve their efficiency and worth to the department. The classes included: communications systems, basic training, firearms instructor training, criminal investigations, supervision, drug abuse, and breathalyzer operation and supervisory courses.

As a fee-earning office, the sheriff's department turned over to the county \$68,732 for the year. This means the office is not only fiscally self-supporting but earns money which can be utilized in holding down the total cost of county government operations through taxation.

Rilla Haugen Wins Honors At Central

On Saturday, Jan. 10, Rilla Haugen, a Salem Central junior, performed with the Wisconsin State Music Convention in Madison, Rilla, a saxophone player, was one of 160 students chosen for membership in the Honors Band, Orchestra, and Chorus.

She won her place in the group by competitive audition, which involved over 1500 high school musicians from all over the state. The organizations met in a three day camp last summer for intensive group and section rehearsals and reconvened on Jan. 9 for the convention.

Professor Miles Johnson, band director at St. Olaf College in Northfield, Minn., was the conductor of the Honors Band.

Rilla transferred to Central in her freshman year. She has played alto, tenor, and baritone sax and clarinet in concert band, marching band, pep band, stage band, and pit band. She has performed in district and state music festivals as a soloist and with ensembles. She has been a member of the October Festival Band at St. Norbert's College, the All State Band at University of Wisconsin-Milwaukee, and the Kenosha Pops Concert Band.

Rilla plans to major in music in college.

Recently, Miss Sharon Voelkerling, daughter of Mr. and Mrs. Henry Voelkerling, Route 3, Box 334H was appointed to the Julie Ann Teen Board. She is a senior at Central High School, is president of the Future Homemakers of America, and is very active in home economics according to her instructor Mrs. Jean Carlson.

The purpose of the Teen Board is to promote teenage sewing. Those selected for the teen board will make several garments each month, model them on the last Saturday each month and then display them at Julie Ann Fabrics in Kenosha for about one month.

Poindexter, manager of the Julie Ann Fabric Store is the coordinator of the teen board, and Miss Linda Johnson is the chairman.

GI Insurance Holders To Get Dividends

Veterans and servicemen with G.I. life insurance policies issued during the World War I and World War II periods will receive some \$264-million in dividends in 1970.

Administrator of Veterans Affairs Donald E. Johnson, in approving the dividends, said 1970 payments will be \$28 million more than last year.

The payments will go to 4,191,200 holders of U. S. Government Life Insurance (USGLI) and National Service Life Insurance (NSLI). USGLI was issued during the World War I era and NSLI during World War II.

The VA chief said the increase in dividends was made possible because of larger interest earnings in the two funds, and that payments will be made throughout 1970 on the anniversary dates of the policies.

According to Johnson, 173,200 USGLI policy holders will receive \$20 million in dividends, averaging a little more than \$115 per policy. In 1969, the average was about \$97. NSLI policy holders number 4,018,000, and they will receive \$244 million in dividends averaging nearly \$61 each, compared to \$53 in 1969.

Johnson explained that since the dividend on each policy depends on the plan of insurance, age of the insured, age of the policy, and its face value, individual payments will range from a few dollars to hundreds of dollars.

He stressed that since the cash payments will be automatic, there is no need to write to the VA to receive them. The only exception is where the serviceman or veteran has indicated to the VA another disposition of his dividends.

It was also pointed out that dividends will not be paid on policies terminated by death or surrender, since these dividends are ordinarily paid at that time.

Since World War II, college fraternities have grown at the average rate of twelve new chapters per month.

Tau Kappa Epsilon, the largest college fraternity, has over 17,500 student members in 280 campus chapters — over 85,000 initiates.

Intrauterine transfusions of whole blood into unborn babies improve their chances of surviving Rh Blood disease, reports the March of Dimes.

Edison Building Announced

Chairman J. Harris Ward has announced a new Commonwealth Edison Company construction program calling for a record expenditure of \$1.95 billion in the five-year period, 1970 through 1974.

He said the new construction estimate is contained in an amended registration statement filed with the Securities and Exchange Commission. The statement covers the company's \$100 million issue of five-year first mortgage bonds being publicly offered Thursday, Jan. 8.

According to Ward, the updated Edison construction program compares with \$1.7 billion for the foregoing period of 1969-73. The construction expenditures by years are estimated as follows: \$520 million in 1970; \$470 million in 1971; \$305 million in 1972; \$280 million in 1973; \$375 million in 1974. Over the five years more than one billion dollars will be spent on new electric generating facilities and more than \$800 million for transmission and distribution.

Ward said that approximately \$100 million will be spent during the period on environmental control facilities, adding to more than \$60 million previously spent for such facilities.

He also said that Common-

wealth Edison's nuclear power program, involving a \$900 million commitment, represents the company's major long-term contribution toward environmental control.

The program calls for six large new nuclear units with an aggregate Edison-owned capacity of five million kilowatts scheduled to be placed in service at three Illinois sites by the end of 1973.

"When these six new units are operating, about 40 per cent of Commonwealth Edison's kilowatt-hour production will come from nuclear stations," Ward said.

By the end of 1974, he noted, Edison's net generating capability, allowing for the retirement of 412,000 kilowatts of older generating equipment, will be increased to about 16.3 million kilowatts. It is now approximately 10 1/2 million kilowatts.

Ward said it is presently estimated that about \$1 billion of the \$1.95 billion five-year program will have to be provided through the sale of additional securities. This is in addition to the current offering and the refinancing of about \$175 million of securities which will fall due in 1973 and 1974.

He noted that the construction program and financing requirements are subject to continuous review and may be modified if warranted by changing business conditions, tax considerations and other factors affecting cash requirements.

For 15 years Southern Illinois University has operated a camp at Little Grass Lake for children with mental and physical handicaps.

Center Offers Wide Program

The Learning Resource Center is now open from 7:30 in the morning until 10:00 at night on Monday through Thursday and from 7:30 until 5:00 on Friday. During these hours, students may use the facilities. Because we are presently straining to serve our own faculty and students, we cannot extend borrowing privileges to outsiders, although people from the area are welcome to come to our building and use materials on site.

Often, there are times when a faculty member has a serious need for material which is out of print or which we cannot purchase in the near future. In case such as these, arrangements can be made to borrow these from larger academic libraries on inter-library loan. This service is part of our attempt to do the best possible job with the materials at hand.

We have prepared a list of all public libraries in Lake County with out-of-district fees noted for most. Facilities of the State Library and many of the larger public libraries in Illinois are available to our students through their local public libraries. The Chicago Public Library with its huge resources will issue a card to anyone requesting it. The Circle Campus in Chicago will permit any area student to use its facilities but not to remove materials from the building itself.

It's easy to place a classified—Just dial 395-4111.

Builders Name Committees

Jack Lageschulte, president of the newly formed Home Builders Association of Lake County, today announced the appointment of Committee Chairmen for 1970. Appointees are: Bob Spillane, Hallmar, Inc., Zion, Ethics and Arbitration Committee; Jack Lageschulte, Old Colony Builders, Barrington, Executive Committee; Harold Haag, Custom Line Builders, Gurnee, Finance Committee; Joe Klop, Chicago, Title & Trust, Waukegan, Membership Committee.

Other Committee Chairmen named include: Bruce Biletz, Village Development Company, Deerfield, Nominating Committee; Joe Gaudsen, Enterprise Ready-Mix, Waukegan, Programs/Entertainment Committee; John Frisk, Libertyville, Lumber Company, Public Relations Committee; and James Sayers, Pulte Homes, Northbrook, Tech & Codes Committee. Lake County HBA is a divisional member of the Home Builders Association of Greater Chicago (HBAGC).

A vaccine to prevent rubella (German measles) has been approved by the federal government. Widespread use of the vaccine can wipe out this disease, which is major cause of birth defects, according to the March of Dimes.

Grass Lake Cub Scouts Win Awards

The Grass Lake School PTA will present a Fun Fair and Auction on Sunday, Feb. 8, from 1 to 5 p.m. in the school gymnasium. The Fair is open to the public.

There will be features to attract young and old and admission is free.

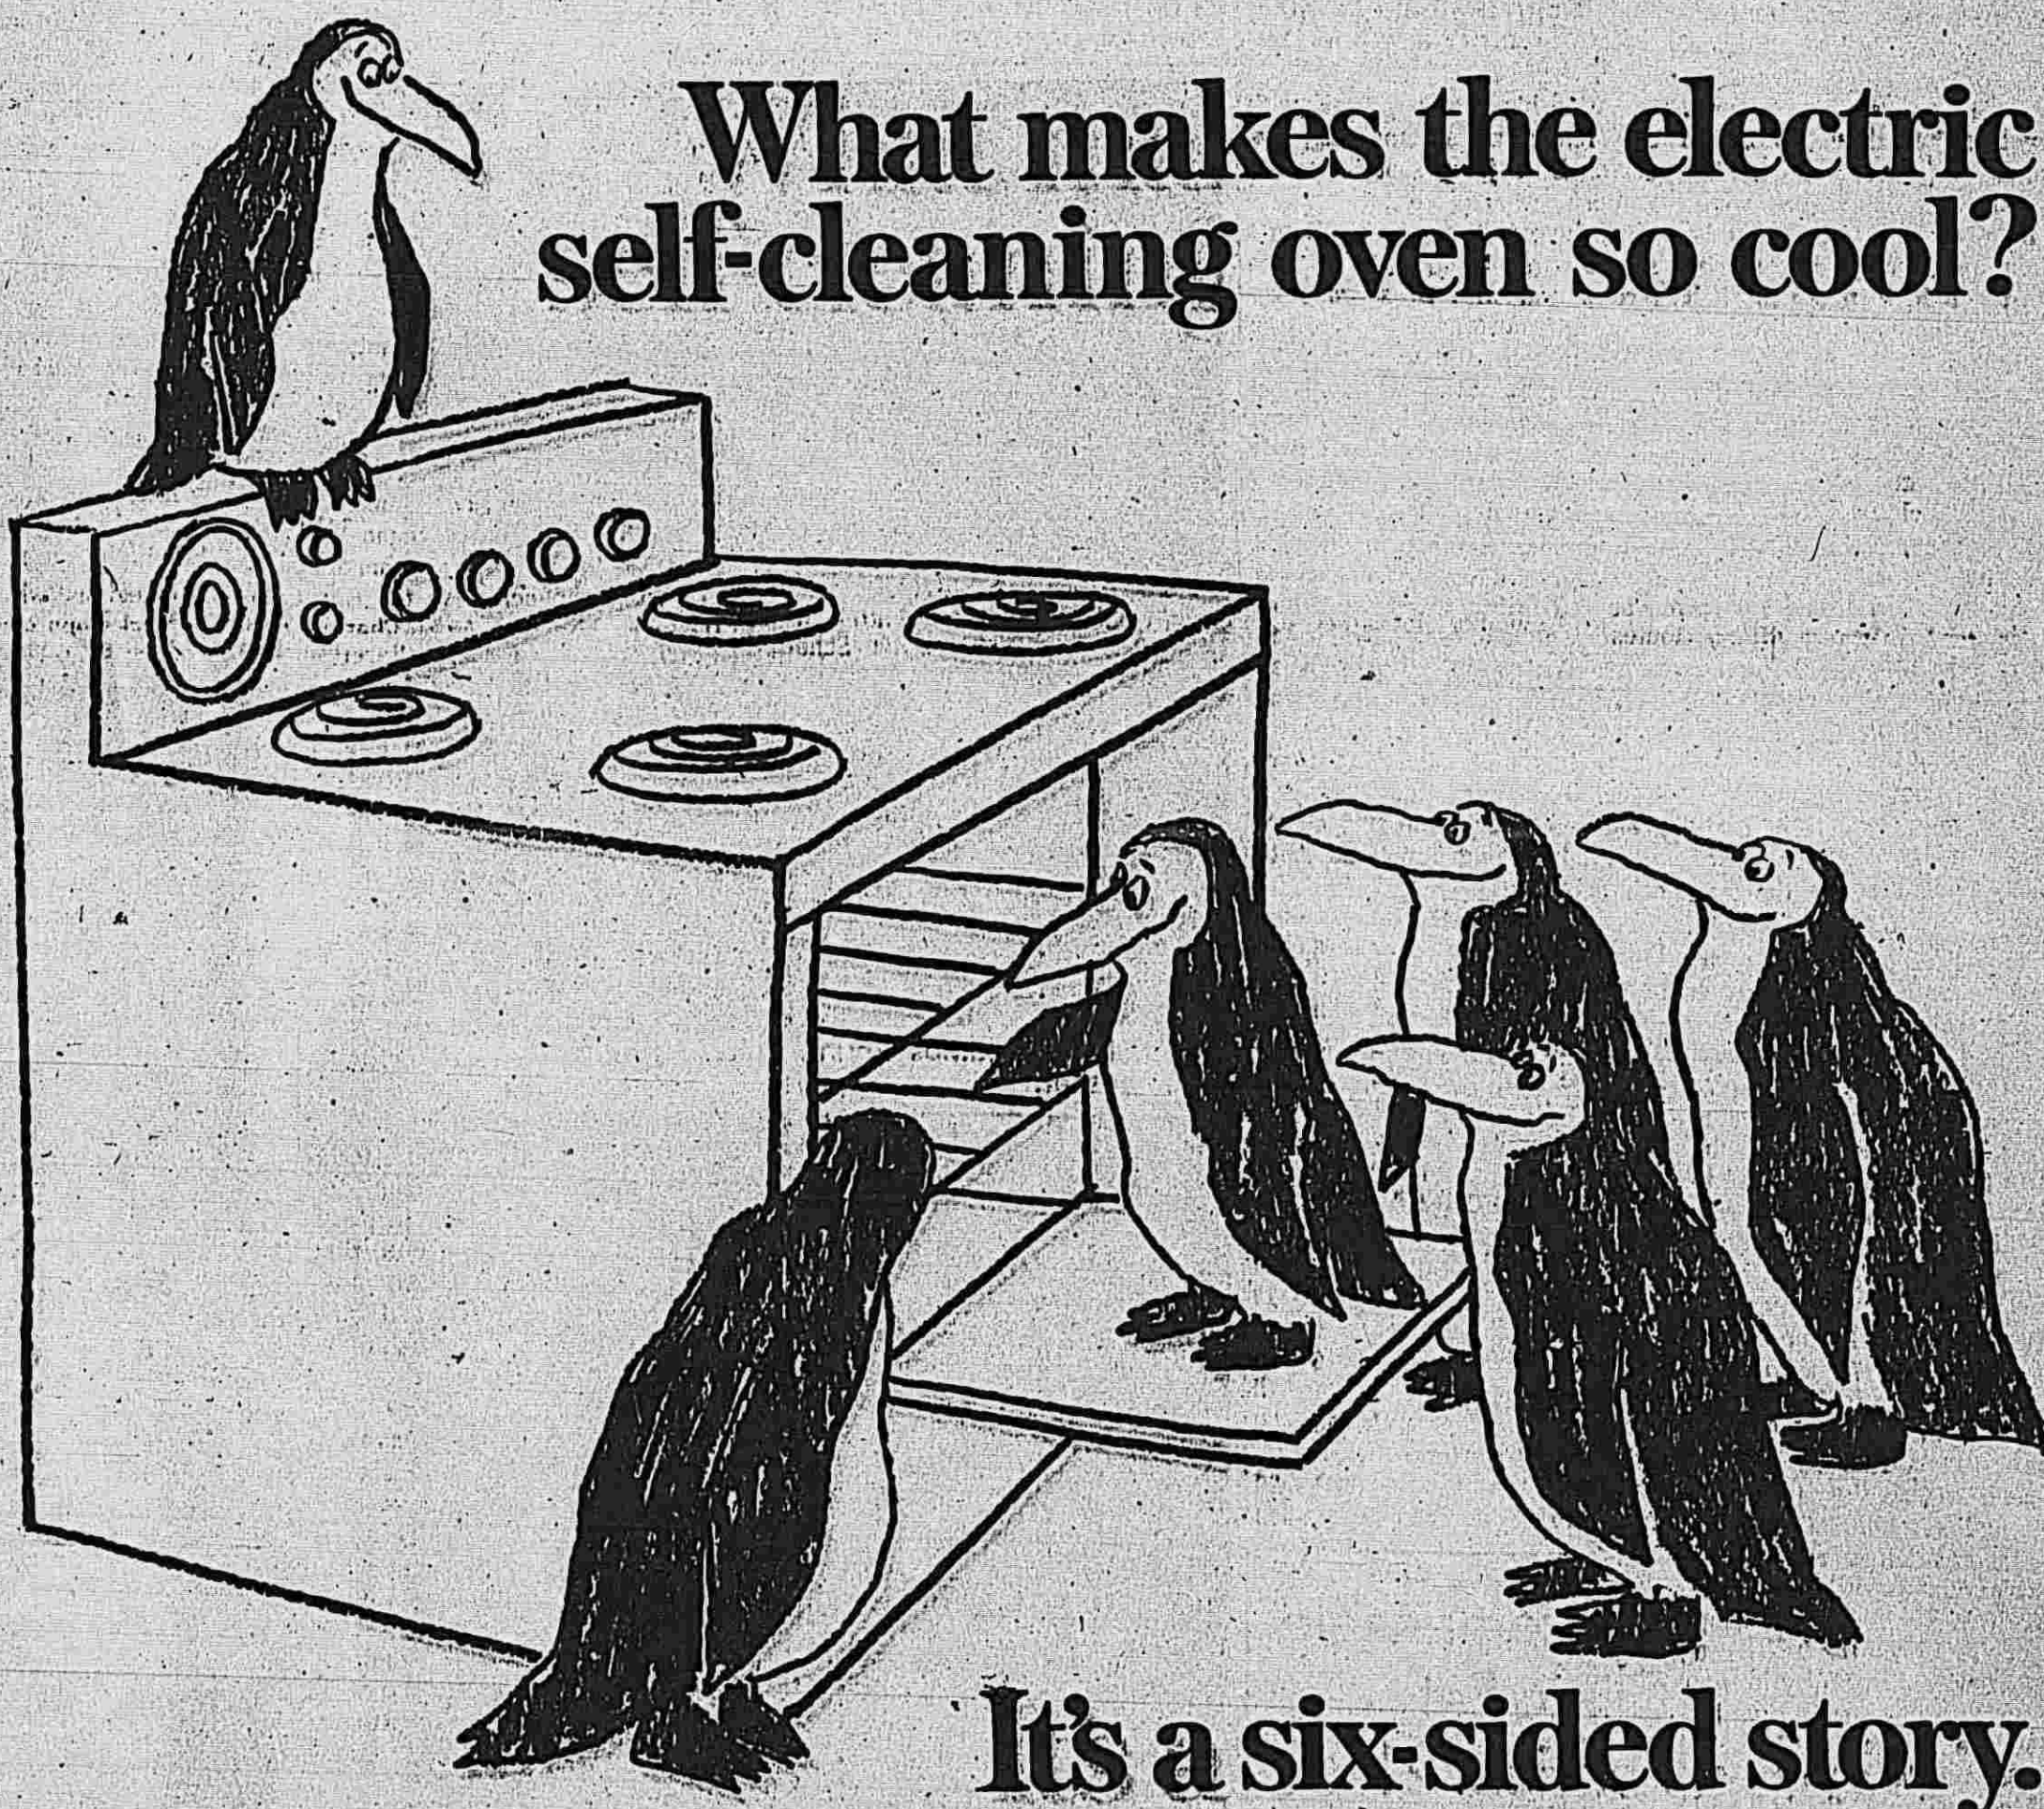

Barbecues, potato chips, hot dogs, taffy apples and beverages will be available in the cafeteria throughout the afternoon.

One of the highlights of the day will be an auction at 2 p.m. from the stage of the gym. Many new and worthwhile treasures will be auctioned off to the highest bidder. Donations of new merchandise, or good used items would be most welcome, and can be delivered to the school office any day during school hours, prior to Feb. 8.

Mrs. Evelyn Dean is president of the Grass Lake PTA, and Mrs. George Skopek is chairman of the Fun Fair Committee. Others on the committee are: Mesdames George Keefer, Joseph Swanson, Matthew Nolan, Bill Belz and Raymond Schreiber.

Proceeds from the Fun Fair will benefit Grass Lake School.

Veterans have proved to be good credit risks with only 3.3 per cent of the home loans guaranteed by VA resulting in foreclosure. Their direct loan record is even better.

It's a six-sided story.

Insulation is the secret. Only the electric self-cleaning oven is insulated on all six sides. So the heat stays inside.

Your kitchen stays cooler, whether the oven is baking a cake, or cleaning itself. And because heat and moisture stay in, meats come out juicier; cakes more moist.

Baking or broiling is faster, too, because less pre-heating is needed.

But the electric self-cleaning oven story doesn't stop at six-sided insulation. The electric kind is also more thorough. Why, it even cleans its own broiler! Cool kitchens have an electric self-cleaning oven. How about yours?

Commonwealth Edison Company

The bright new ideas are Electric.

Sequoits Conquer Scouts; Marty Romaine Game Hero

On Saturday evening, the Antioch's charging young bucks traveled to Lake Forest. The Sequoit cagers returned with an inspiring upset victory over Lake Forest 79 to 78 in overtime. This was Lake Forest's first conference loss of the season.

Marty Romaine was the hero of the day, as he sank a 25 footer with two seconds remaining in the overtime to turn defeat into sweet, sweet victory. "Unbelievable, what a shot," quoted Coach Andrews. "No question about it, Marty's shot won the game, but what a victory for Antioch. The team did an outstanding job, it was terrific," added the Sequoit coach.

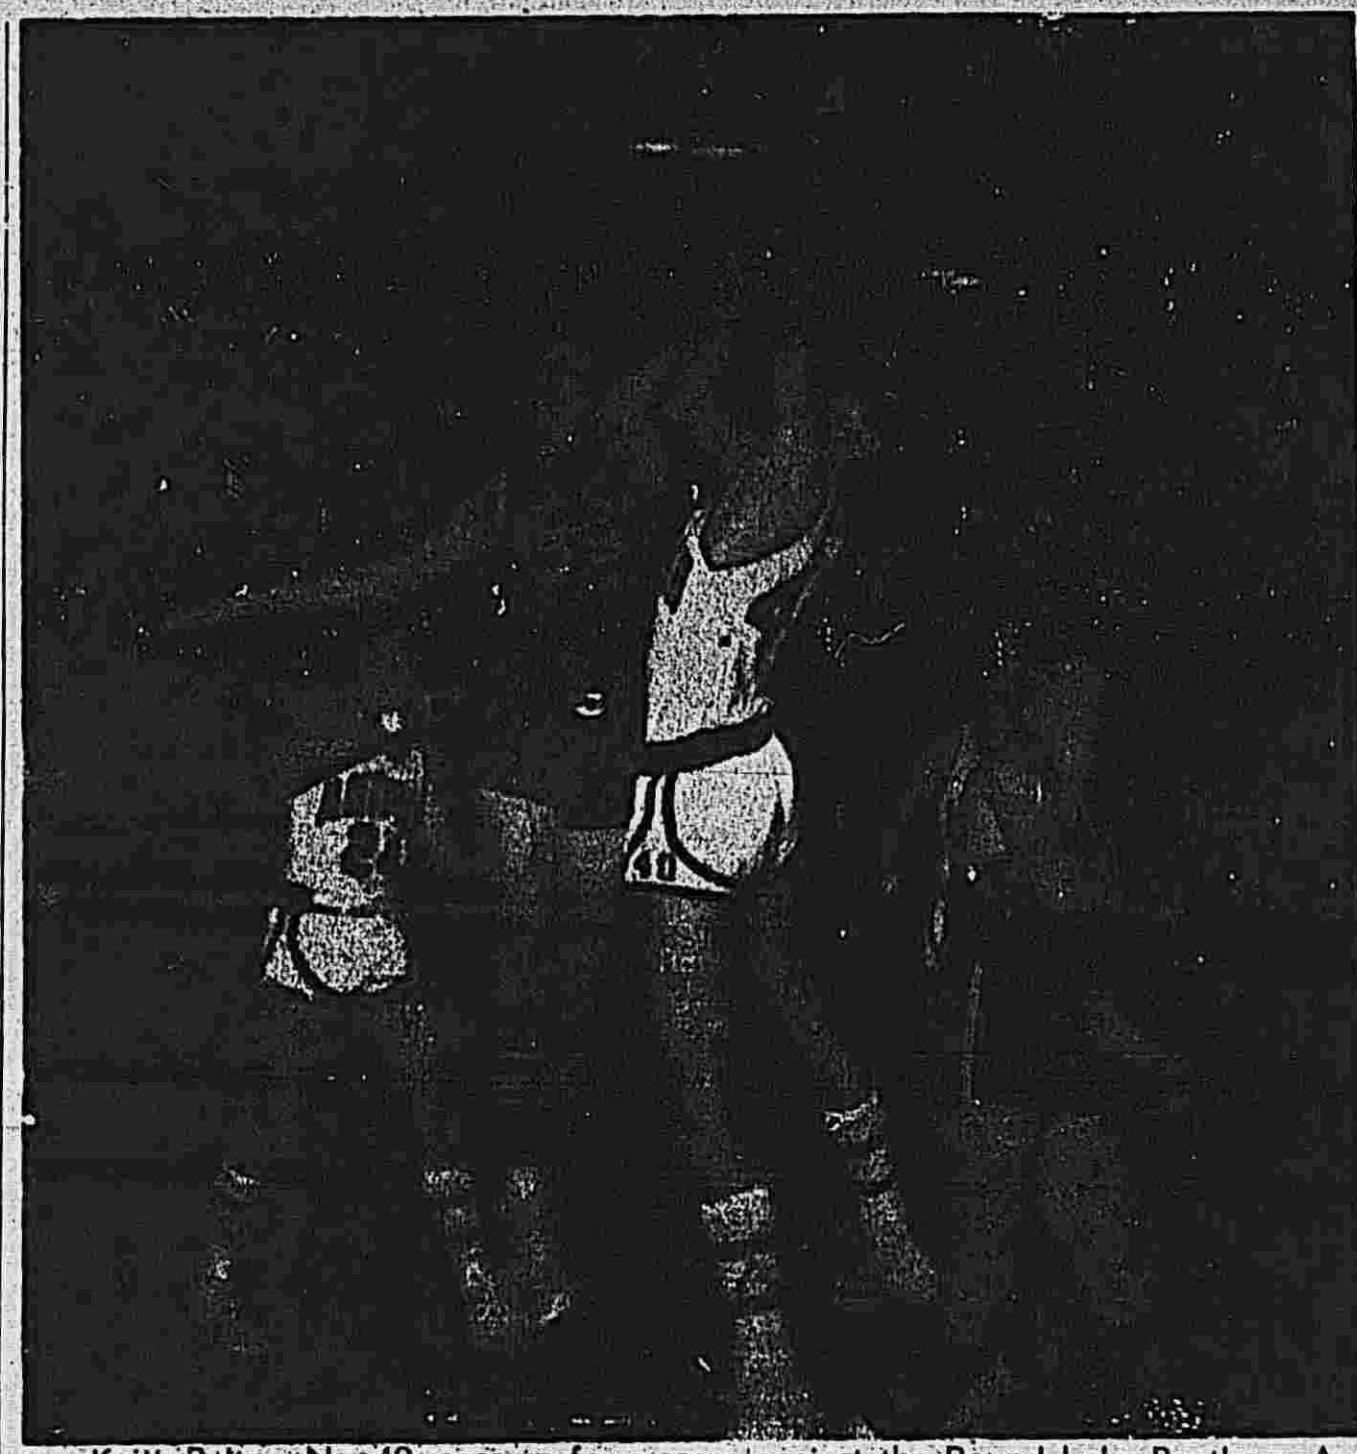

The game started out with each team playing cautious basketball, feeling each other out. After six minutes of play the score stood 13 to 11 in favor of Lake Forest. In the last two minutes of the first quarter Lake Forest outscored the Sequits 10 to 4 as Reed Anderson stole the ball on 2 different occasions for easy lay-up baskets. Thus the Scouts enjoyed an eight point lead at the end of the first quarter, 23 to 15.

During the second quarter, Lake Forest put added pressure on the Sequits and at one point lead by 12. Anderson and Tom Hodgkinson lead the attack for Lake Forest.

With the score 40 to 28 Lake Forest and only 1:24 left in the half, the charging young bucks staged a quick rally. Romaine hit a jump shot, Tom Martin sank a free throw, Steve Bentel hit two more free throws, followed by another free throw by Bolton to make the score 40-34. Then Anderson hit a jump shot, which was followed by a jump shot by Romaine with only one second left in the half, to make the half time score 42 to 36 in favor of Lake Forest.

The third quarter was all the Antioch Sequits, as they outscored the Scouts 20 to 12. Lead by the rebounding of Bolton and Jeff Sterbenz the young bucks scored eight straight points, a jumper by Bolton, lay up by Sterbenz, and two jumpers by Romaine for a 46 all tie with 4:16 left in the 3rd quarter. The two teams exchanged baskets till 1:20 left when Bolton hit another jumper and Sterbenz made one of his picture book driving lay ups for an Antioch lead of 56 to 52. Just as the quarter ended Anderson scored to cut the lead to 56-54.

At the outset of the 4th quarter, Sterbenz and Bolton each added two field goals while Lake Forest was scoring four points, to give the Sequits a 64 to 58 lead. With 4:32 left in the game Sterbenz hit a jumper to give the Sequits their largest lead, 67 to 61. At this point, Lake Forest started their last rally with Olufs, Anderson and Hodgkinson leading the way. With 1:06 remaining, Romaine hit a lay up for an Antioch lead 73 to 70, then Lake Forest brought the ball down the court and at 57 seconds left, Bolton fouled Olufs. This was Keith's fifth foul. Olufs hit two free throws and seconds later Hodgkinson scored on a rebound to give Lake Forest the lead 74 to 73. With Lake Forest pressing, the Sequits moved the ball down court fast with Jim Polley hitting a lay up with 27 seconds remaining to give Antioch a 75 to 74 lead. Seconds later, the Sequits gained possession of the ball and Romaine was fouled, he made the first to move the score to 76-74.

Keith Bolton, No. 40, goes up for a score against the Round Lake Panthers. Antioch came off a winner by a score of 67 to 54.

in Antioch's favor. Then with only five seconds remaining, Anderson hit a jump shot to tie the game.

In the overtime, Lake Forest scored first on a pair of free throws and with 20 seconds remaining Tom Martin hit one free throw to close the score to 78-77. Lake Forest. Then with only 16 seconds remaining Lake Forest missed a free throw, their fourth miss in the overtime. Polley rebounded the missed shot, passed to Romaine, who in turn dribbled down court into the front court area. With but seconds remaining on the clock, Marty turned and fired a 25 footer that swished through the net for an Antioch victory 79 to 78—what a shot!

This has to be the best team effort this year, it is really a great result for some fine desire and effort. Congratulations, Antioch Sequits.

Horsemanship Clinic Set For Feb. 21

A county 4-H horsemanship clinic will be held on Saturday, Feb. 21, from 9:00 a.m. to noon in the indoor arena at the Gold-D-An Horse Farm, Gurnee.

The farm is owned by Mr. and Mrs. Dudy Jensen, 5555 Washington Street (Grange Hall Rd.) and located just west of the tollway.

The clinic has been organized by Mr. William Walker, a local 4-H leader and Youth Director for the Blackhawk Appaloosa Association, and Dennis Hertz, Lake County Assistant Extension Adviser.

Hertz reports that instruction on both Western and English Horsemanship will be presented simultaneously. The members will receive instruction on various aspects of horsemanship including riding, attire, tack, mounting and dismounting, plus pointers on proper techniques and principals of riding.

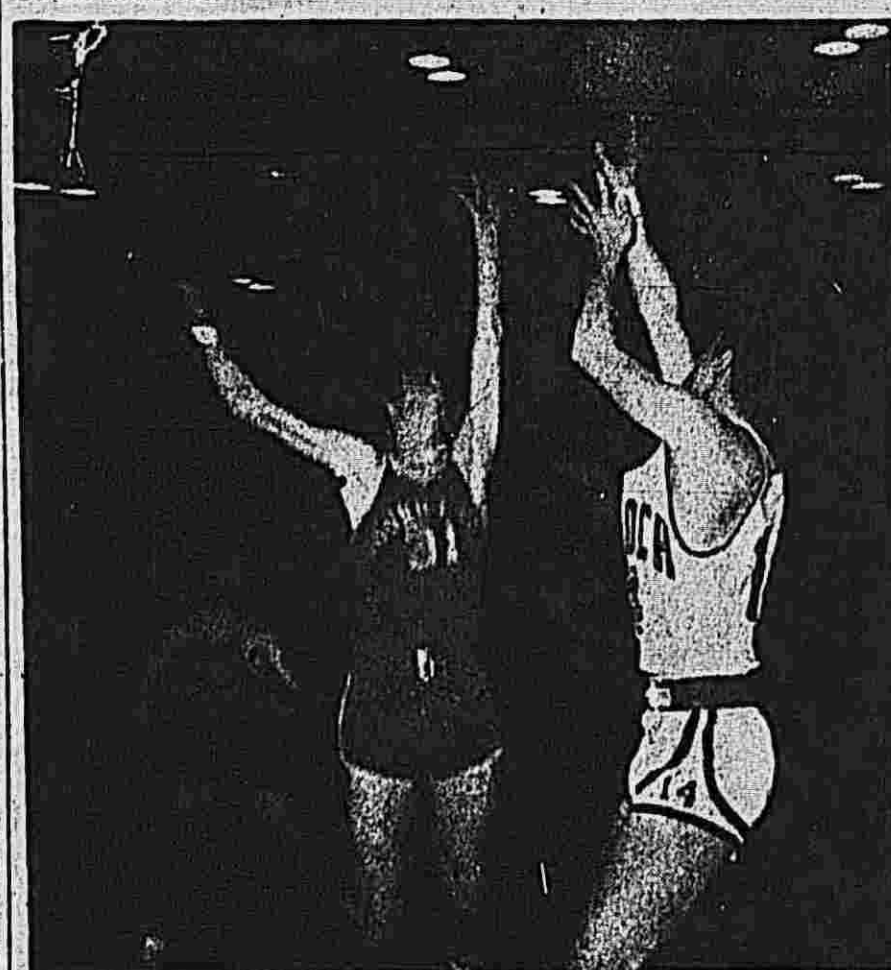

If possible, members should bring their horses. Following the classroom instruction, those who bring their horses will be evaluated on their riding and receive further training.

Hertz stresses that it is not necessary for the members to bring their horse. If they are unable to do so, they should attend anyway.

Outstanding Lake County 4-H

Bolton outjumps Round Lake defender to bag another basket.

Marty Romaine, No. 14, who was the star of the Lake Forest game in which Antioch upset the Scouts, lets one fly from the side.

members in horsemanship will be conducting the clinic. These 4-Hers have had a great deal of experience in horsemanship and have won many prizes in the Lake County 4-H Horse Show and other shows throughout Northern Illinois.

The members conducting the English clinic will be Linda Valent, Lake Villa; Chuck Hezel, Waukegan; Jennifer and Jessica Butler, Mundelein; Nancy Rollin, Lake Villa; and Ron Danta, Barrington.

Conducting the Western clinic will be Bill Severson, Lake Villa; Sue Koch, Highland Park; Steve Ogden, Mundelein; Jay Hoffman, Wadsworth; and Robin and Gale Walker, Libertyville.

The clinic will be an excellent opportunity for 4-H Horse and Pony members to improve their horsemanship. All interested members, leaders and parents are urged to attend.

Sportsmen's Violations Set Record

The year 1969 set a record for infractions of game, fish and boating regulations, according to John Rebuffoni, chief law enforcement officer, Illinois Department of Conservation.

A total of 6,603 persons were arrested for infractions and violators paid \$104,469.90 in fines. Conservation officers issued 1,224 more citations than they did in 1968, the previous record year, when fines totaled \$70,719.

Skiing Takes Seeing

To the experienced skier, proper goggles and sunglasses are as important in his ski wardrobe as are sturdy boots and warm sweaters. But the carefree weekend or vacationing skier seldom realizes the need to protect his eyes from the harmful effects of the winter elements. "While the need for goggles to protect the eyes from searing wind and flying snow is obvious, the need for glasses or goggles to protect the eyes from glare is less evident, perhaps, yet equally important," the Illinois Optometric Association states.

Eyelids and brows provide natural protection for the eye from

St. Peters Suffers First Loss

The St. Peter's 8th grade team had its first defeat of the season Jan. 25 at St. Peter's gym. Santa Maria of Mundelein came out on top 45-42. High scorers for St. Peter's were Tim O'Neill with 18 and Frankie Abderholden with 10 points.

The 7th grade team was also a loser along with the 8th graders. The boys tried but the Mundelein team was too much for them. Gary Klean was high scorer with 8 points.

The mighty little 6th graders saved the day by beating their opponents 23-15. High scorer was Joe Cermak with 15 points.

St. Peter	13	19	34	42
Santa Maria	12	19	32	45

overhead light and glare but when sunlight hits snow and is reflected up into the eye, there is no natural defense against the two most damaging rays — ultra-violet and infra-red. A concentration of these rays can be painful and sometimes permanent eye damage occurs. All sunglasses reduce light entering the eye, but not all sunglasses screen out enough infra-red and ultra-violet rays of the sun to protect the eye properly during periods of long exposure to the sun.

Most ready-made ski goggles are made of plastic, which is not as satisfactory as glass in absorbing injurious invisible light rays. Professionally prescribed lenses, on the other hand, are available in shatter-proof glass, are individually ground and polished, and are entirely without distortion or imperfection in the glass. Optometrists state, "The best colors for sunglasses or goggles for skiers are green, brown, or gray." Yet many expert skiers find it necessary to change density of color while skiing in order to combat changing light conditions. For this reason, "pros" often carry several pairs of goggles with different tints to enable them to "read" the terrain, accurately and to compensate for "flat light conditions".

Certain light conditions, usually in the early evening, seem to "flatten" the slope, making it difficult to see the small bumps and depressions — a very dangerous thing for better skiers. A yellow tint may heighten contrast when snowing or light conditions are dim or flat.

"If you wear corrective glasses, have your prescription ground into sunglasses or goggles. Clip-on lenses are unsatisfactory since they are not wide enough to cover the entire visual field," the Illi-

Grand Rapids Moves Up In Standings

Grand Rapids had a wonderful weekend as they moved within 1/2 game of 1st place. The Packers defeated Peoria 139-115, with Don Edwards scoring 30 and Willie Bond scoring 25. Eddie Jackson had 41 for the Chiefs.

On Sunday, Grand Rapids was forced into over-time, before de-

feating the Rockford Royals 155-147. Sterling Burke had 32 and Craig Spitzer 31 for the Royals, but 5 men fouled out in their losing cause. Edwards and Bond continued their scoring prowess, each hitting for 37 points. Peoria also lost on Sunday, this time to Cudahy 98 to 94. Eddie Jackson had 29 for the Chiefs and Max Walker had 21 for the Mods.

This week, Cudahy becomes the Waukegan Mods, as their franchise shifts to the suburb just outside of Milwaukee. Rounding out the games for the last week, Waukegan won their second game 128-115 defeating the Decatur Bullets. Hubie Marshall had 29 for the Bullets. The Wizards were led by Mike Dyer; 33 and Sam Williams; 25. Unfortunately for Waukegan, the Milwaukee Bucks have just recalled Sam Williams.

This week the league sees limited action. Waukegan, without Williams travels to league leading Cudahy. Rockford travels to Decatur in a crucial game in that all important fight for the top four spots.

Whether you ski at Chamonix, Aspen, St. Moritz, or Stowe, you will encounter the ever-present and sometimes dangerous effects of wind, snow, and glare. Every skier — whether novice or pro — should exercise caution in exposing his eyes on a winter holiday and should wear goggles or sunglasses.

MONDAY, JAN. 12

High team series: Antioch Savings & Loan, 718-671-723-2113.

Sequoia Whip Panthers

In a game played at Antioch, the charging young bucks of Antioch beat the Round Lake Panthers 67-54.

It appeared that Round Lake wanted to control the tempo of the game. With four minutes gone in the game, the score stood 4 to 4. But with Keith Bolton and Jeff Sterbenz rebounding, the young Sequoia's were able to fast-break a few times, thus opening up a small half lead of 24-21. Marty Romaine lead the scoring in the first half with 10 points.

In the third quarter on two different occasions the Sequoia's opened an 11 point lead, only to have Round Lake rally to close the lead to five points. Steve Bentel and Bolton lead the scoring with 7 and 6 points respectively. Blank was the scoring threat for the Panthers during the third period.

During the early stages of the fourth quarter, the two teams continued to exchange baskets, with the Sequoia's still leading by 7 points. Then the Sequoia's changed defenses and started to fast break, with Romaine hitting three straight shots to move the charging Sequoia's to a comfortable lead of 13 points.

The top rebounders for the game were Bolton with 18 and Sterbenz with 10, the top rebounder for Round Lake was Nichols with 9 grabs. Top assist men for the Sequoia's were Bentel and Sterbenz with 5 each.

Public Doesn't...

(Continued from page one)

across one section of the township. All of the individuals who spoke at the meeting were against the freeway entirely. They preferred that the state instead repair the east-west routes leading into the areas.

They charged the north-south highway was not needed at all. They also charged that the freeway would bring about a loss of homes and air rights and a sharp rise in through traffic and pollution.

Ralph C. Wehner, district planning engineer of the Illinois Division of Highways said that the public hearing was to determine the most acceptable corridor in which to construct the highways and to provide all who wanted to submit a statement either oral or written for the official record.

He said that the division of highways will then evaluate the hearing transcript to determine the public views and to evaluate all factors involved. The division will then select a corridor to recommend to the U.S. Bureau of Public Roads.

He pointed out that if the recommended corridor is approved a second hearing will be held to discuss the design of the highway, probably in the fall, but added that the actual alignment, interchanges and right-of-way requirements will not be known until the corridor phase is completed.

The consensus of officials representing various areas was the proposed Lake-Will freeway paralleling Rte. 33 from Grayslake to Antioch will not be built through or too near the municipalities.

The general consensus of the public was what action could be taken to stop the proposed highway altogether.

Researchers supported by March of Dimes grants in institutions throughout the nation are finding out how to diagnose birth defects earlier, how to treat them more effectively, and ultimately how to prevent them from occurring.

FUNERAL NOTICES

HENRY J. MOCK
Mr. Henry J. Mock, age 78, of Rt. 2, Antioch, died on arrival at Victory Hosp. after a long illness Thursday morning. Born in Nebraska on Dec. 5, 1890, he had been a resident of Antioch the past 35 years. He was a member of St. Peter's Church. He retired after 37 years as a business representative for the carpenters union local No. 822 in Chicago. Survivors include his wife, Lilian, one son Fred A. (Helen) of Chicago, 2 grandchildren & 5 great grandchildren. Funeral services were held from Colonial Funeral Home to St. Peter's Church on Saturday where mass was celebrated at 10 a.m. Interment was in Mt. Carmel cemetery Antioch. Parish prayers were recited on Friday at 8 p.m.

MRS. LOUISE RACKOW
Mrs. Louise Rackow—86 years old of Antioch, Ill. passed away at 1:00 a.m. on Friday Jan. 23rd at her home at Klondike Point. She was born May 4, 1883 in Berlin, Germany and came to America in 1895 to reside in Chicago until moving to Antioch in 1952. She was preceded in death by her husband Carl Rackow in 1933. Survivors are 2 sons Richard S. Rackow (Antioch) — Carl Rackow (Orland, Calif.) — 1 grandchild & 4 great grandchildren. Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. Rev. Philip O. Laurin of St. Stephens Lutheran Church officiated. Interment was in Hillside Cemetery at Antioch.

WILLIAM N. PIERCE
Mr. William N. Pierce — 54 years old of Petite Lake near Antioch, Ill. passed away at 1:00 p.m. Thursday Jan. 22nd at his home suddenly from a heart attack. He was born in Chicago on June 6, 1915 and had moved to Antioch several years ago where he worked as a custodian in the grade school. Funeral services were held from a funeral home at 2944 N. Central Ave. in Chicago on Monday Jan. 26th with interment in St. Adalberts Cemetery at Niles, Ill. Local arrangements were made by Strang Funeral Home in Antioch.

WILLIAM E. BOYD

Mr. William E. Boyd of 445 Ravine Drive, Winthrop Harbor, Ill. passed away at 3:45 p.m. Saturday Jan. 24th from injuries received in an automobile accident on Hwy. 45 at Miller Road. He was taken to the Congdon Funeral Home in Zion, Ill. where funeral arrangements are being made.

HENRY J. OSTREGA

Mr. Henry J. Ostrega — 52 old of 2926 S. 48th Court, Cicero, Ill. passed away at 3:45 p.m. Saturday, Jan. 24th from injuries received in the accident at Hwy. 45 & Miller road, in Antioch Twp. Both men were removed to the Strang Funeral Home in Antioch where a coroner's jury was sworn in. Mr. Ostrega was taken to the Kulaski Funeral Home at 4860 W. 31st Street in Cicero, Ill. where services are pending. Interment will be in Resurrection Cemetery in Justice, Ill.

RUSSELL D. LONGMAN

Mr. Russell D. Longman — 55 years old of Trevor, Wis. passed away at 9:15 p.m. on Wed. Jan. 21st at his home in Rock Lake Highlands Subdivision suddenly from a heart attack. He was born Nov. 16, 1914 at Trevor and had lived there all of his life. He was a musician for many years, and was an honorary member of the Trevor Fire Dept. He had served in the navy during World War II. He was employed at Great Lakes Naval station as a Central Disbursing Officer in the Naval Regional Finance Center, and had been in this field since 1940. He married Mary Runyard on June 6, 1936 at Antioch. He is survived by his wife Mary — 4 sisters Mrs. Vida Sheen (Silver Lake, Wis.) — Mrs. Florence Lindblad (Chetek, Wis.) — Mrs. Pearl (Charles) Hartnell (Milwaukee, Wis.) — & Mrs. Bernice (Richard) Mason (Milwaukee, Wis.). Funeral services were held at 1:30 p.m. Sat. at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated. Interment was in Liberty Cemetery.

CARL R. ENDLER

Services for Carl R. Endler, of Skokie, a summer resident of the Beachwood Subdivision at Petite Lake for many years, were held Monday at the Haben Funeral Home, 8057 Niles Center Road, Skokie. Burial was in St. Joseph Cemetery.

Mr. Endler, who was well known in this area, is survived by his daughter, Lorraine Mallock, and four grandchildren.

MRS. MAE B. HVEZDA

Mrs. Mae B. Hvezda — 69

Baethke Gets New Position

Eugene E. Baethke, an architect with Consoer and Morgan, is responsible for managing construction contracts on all C & M projects. In addition to checking shop drawings, assisting in Specification writing, and managing industrial building projects. He is currently working on an industrial plant for Boyce Products, Inc., in Des Plaines; Ravenswood Hospital in Chicago; Commerce Center Building in Lansing, Michigan, and the Waukegan Water Pollution project in New York.

Gene has been with Consoer and Morgan for about four years, and prior to that was Chief Architect with Lester B. Knight and Associates, Inc., Consulting Engineers, and was a Project Engineer responsible for structural designs on a number of projects for the Perkins and Will Partnership.

Gene is a registered architect in Illinois and Michigan, a registered structural engineer in Illinois, and a certified Fallout Shelter Analyst. He is also certified by the National Council of Architectural Registration Boards. He is a member of the American Institute of Architects and is secretary of the Chicago Chapter A.I.A.'s Special School Construction Committee. Gene is also a member of the National Society of Professional Engineers and has held office in the Sauk Trail Chapter of the I.S.P.E. An architectural engineering graduate of the University of Illinois, Gene is married, has three children, and resides in Park Forest. He is the son of Mr. and Mrs. Elmer Baethke of 491 Naber St., Antioch.

Channel Lake Youth Arrested By Police

James Hauldren, 19, of Channel Lake has been charged with drunken driving and wrong lane usage on North Avenue at Hillside in Antioch early Sunday and will appear in the Fox Lake Branch of circuit court on Feb. 25 on the charges.

Courthouse...

(Continued from page one)

urger, controller, attorney, and architect; and the names of all current members of the County Board.

It was reported that installation of carpeting has begun on the second and third floors of the courts structure. This is expected to take about four weeks.

County purchasing agent Edward O. Barnes says procedural changes brought about through the cooperation of the County Board during his first year in the post have resulted in savings of thousands of dollars.

Barnes lauded the board for passing a new purchasing ordinance in 1969 and for keeping politics out of the department. He said board members have been encouraging and helpful in implementing new practices which have resulted in cost savings on many items.

years old of 905 Main Street Antioch, Ill. passed away at 3:00 p.m. on Wednesday Jan. 21st at her home. She was born April 10, 1900 in Chicago and resided there until moving to Antioch in 1960. She had clerked at the A&P stores and later worked as a wrapper for that firm for several years. She was preceded in death by one brother William Pesek. Survivors are her husband John — one son Jerome (Mary Ellen) Hvezda (Antioch) — two brothers Joseph Pesek (Miami, Florida) & Frank Pesek (Lombard, Ill.). A funeral mass was held at 9:00 a.m. Saturday at St. Peter's Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch.

MRS. BARBARA FASSL

Mrs. Barbara Fassel, 82 years old of Wilmot, Wis., passed away suddenly from a heart attack on Monday, Jan. 26th, while on the way to the doctor's office. She was born in Hungary on Sept. 11, 1887, and came to America in 1907 to reside in Cincinnati, Ohio, before moving to Salem Township in 1909 where she had resided since that time.

Dill Heads Shrine

Walter M. Dill, 526 S. Evergreen Ave., Arlington Heights, one of the nation's best-known management consultants and industrial engineers, is the new leader of the Chicago area's 21,000 Shriners.

Dill, who is founder and chairman of the board of Dill-Clithrow & Co., with offices at 117 E. Palatine rd., Palatine, Ill., Washington, D.C. and Toronto, Ont., was elected Potentate at the annual election of Medinah Temple Friday night. He succeeds George R. Wilson, who served the past year.

Dill

Medinah's new potentate, who also is a public accountant, is one of the nation's top speakers on management subjects. He is founder of the Institute for Executives, a forum designed to utilize the best talent available in specific sciences and technology, and the developer of a number of business systems, including Product Profit Control (PPC), a management device for computer control of manufacturing enterprises.

Born on a farm in New Jersey 59 years ago, he attended the University of Pennsylvania, Franklin and Marshall College and Pierce College. He holds a degree in business administration.

Like all Shriners, Dill is actively interested in the Shriners Hospitals for Crippled Children. For many years he has been secretary of the Board of Governors of the Chicago Unit, 2211 N. Oak Park Ave., one of the 22 such institutions supported by the Shriners where thousands of children are treated annually at no cost and without regard for race or religion. He also is vice-president of the board of the Cook County Tuberculosis District Sanitarium in Hinsdale.

He is a former member of the famous Medinah Chanters and emeritus secretary-treasurer of the Shrine Chanters Association of North America.

Masonically, Dill is a member of Arlington Heights Lodge No. 1162, Ancient Free & Accepted Masons, the Scottish Rite Valley of Chicago, the Knights Templar and the Royal Order of Jefferies, of which he is a past director. He also belongs to the Executive Club, the Medinah Country Club and is a past president of the board of trustees of the Methodist Church of Arlington Heights. He and his wife Frances are the parents of three daughters, Mrs. Barbara Kuntze, Mrs. Deborah Kuehn and Kathie, a freshman at Northwood Institute, Midland, Mich.

Along with the other newly-named officers, he was formally installed Sunday afternoon, Jan. 25, at an "open" installation at which Medinah Members, their families and guests were present.

CLC Invites Teachers To Meeting

The College of Lake County is inviting all the music teachers in the county to a special get-acquainted meeting on Thursday evening, January 29, at 8:00 p.m. in the Student Center room at the College (Building 1). The College is interested in suggestions of ways in which it can be of service to the music educators.

Refreshments will be served and a short tour of the campus will be available. In charge of the meeting will be Warren G. Simpkins, Instructor of Music, and Dr. R. Ernest Dear, Dean of Instruction.

The Southern Illinois University library has one of the nation's most important collections of books and about James Joyce.

Volo Bog Rezoning Delayed

A rezoning petition involving an \$88 million new town development in Grant and Wauconda townships which was turned down by the Lake County Board of Supervisors last month has been brought back for reconsideration.

Assistant supervisor Roland Sandee of Waukegan Township, who voted against the zoning request in December, asked that the matter be reviewed. After approval of his motion, Sandee then held the matter over for one month.

Of prime concern to some members of the board and area residents is preservation of the Volo Bog, which is adjacent to the land around Sullivan Lake owned by Riverwoods Development Corp., where the multi-million dollar complex would be located.

The bog is state property and a formal objection to the proposed development was filed earlier this month by the University of Illinois. In the communication, a spokesman said the objection would be withdrawn if some arrangement can be made to safeguard the water levels in the bog.

While that problem is being resolved members of other county commissions are attempting to work out flaws in the planned unit development ordinance passed last fall by the Board of Supervisors. Under this ordinance one zoning grant permits construction of single and multiple family dwelling units, retail stores and recreation areas as outlined in the developers' original plan. In essence, a community unto itself.

Once this test case is resolved at least a dozen other petitions under planned unit development are expected to be filed in the months ahead.

The only other zoning matter to come before the board at Tuesday's session was approved. It was to rezone property in Benton Township from suburban residential to urban residential-3. The land is north of 17th Street and west of Sheridan Road.

Rubber Group Will Give Scholarship

For the eighth consecutive year the Chicago Rubber Group, which is sponsored by the American Chemical Society, is offering a \$1,000 scholarship, useable at any college, to a son or daughter of any member of the Group in good standing.

The winner of this scholarship is determined by competitive examinations between those qualified students in their senior year of high school and announced at the Group's April meeting each year.

For the eighteenth year, the Chicago Rubber Group is conducting its course in rubber technology consisting of 24 lectures, at the John Marshall Law School in downtown Chicago.

This course is directed by Maurice O'Connor as Chairman of the Educational Committee, with Harold Stark as Coordinator, and a committee of eight.

The Chicago Rubber Group will celebrate its fortieth anniversary in 1971 and is preparing a commemorative booklet for the occasion.

Reservations Required For Shedd Trip

Beginning Feb. 1, 1970 all school, civic, business, fraternal and organized groups must make advance reservations to visit Shedd Aquarium. Reservations should be made at least 15 days in advance of the proposed visit.

Richard Vahan, Curator of Education, said that the increasing number of large groups visiting the Aquarium makes it necessary to schedule these groups in advance. "Reservations will enable us to better serve all groups and make their visits more enjoyable," said Vahan.

For reservations write: Reservations, John G. Shedd Aquarium, 1200 South Lake Shore Drive, Chicago, Illinois 60605; or phone (312) 939-2426.

In 1969 Shedd Aquarium had 1.4 million visitors, an increase of eight per cent over last year's attendance.

China — Watching

By Charles H. Percy

(During the August Congressional recess, Senator Charles H. Percy of Illinois and his family spent three weeks traveling in Asia. This is the third of four articles by Senator Percy recalling highlights of the tour.)

The principal "China watchers" of the world are located in Hong Kong. Little authoritative work can be done today on Communist China without employing the vast resources of our Hong Kong consulate and it was here that I went to be briefed on the China mainland.

China's leader, Mao Tse-tung, is contemptuous of soft-line Communists whether they be of the Soviet "revisionist" variety or the so-called young elite within Communist China itself.

The French Ambassador was known to speak approvingly of Peking University. Mao's reply was "It stinks." He then described its students as "young men who like radishes are red outside but white inside." The Red Guard itself is hardly monolithic. It is divided along ideological lines—even within the same school. One group may represent parents, in the military or the party, seeking to maintain the status quo; another is anti-establishment; a familiar term.

There is little question that momentum was lost in China economically, politically and socially, after the so-called "Great Leap Forward" in the late 1950's. Mao himself was known to complain bitterly about the treatment accorded to him by high-ranking party officials. He likened himself to being treated like a rich uncle attending his own funeral.

In August, the Mao personality cult, the little red book, the Mao button and other artifacts are always in evidence, even in Hong Kong. (There are many communist-owned and operated stores in Hong Kong.)

From the best I could determine, a degree of stability has at last been restored to the mainland. Economic growth, after suffering a severe setback with "The Great Leap Forward" has started back up again. During the Ninth Party Congress held last April in Peking—the first such Congress since 1958—Lin Biao was named heir apparent to Mao. He successfully eliminated many of those who opposed him but the party showed evidence of being shaken up and damaged.

The attacks against the embassies in Peking committed in 1967 have subsided and China has stepped up its representation abroad from one envoy of ambassadorial rank in Cairo, a few years ago, to 18 ambassadors today. There has been no comment from Peking on President Nixon's initiative in removing travel restrictions for Congressmen, journalists, doctors and students who wish to go to China.

The Chinese apparently are not now interested in any Americans visiting China. However, they denounced President Nixon's trip to Asia while ignoring Secretary Rogers' trip. In the Ninth Party meeting, the Chinese communists condemned the Soviet Union and the United States by name as enemy forces that would have to be overcome. Nonetheless, I feel we should continue taking new initiatives in trying to remove a nation of 750,000,000 people from an "outlaw" condition. Outlaws are dangerous.

There is less hard evidence on which to base population estimates for Communist China than any other major nation in the world. Ranges in estimates vary by as much as a hundred million people, though it is agreed that the annual population increase must be well over 15 million people.

Over 20 per cent of the population continues to live in provinces that lack outside rail links, and evidence seems to indicate that the actual size of the economy today, to support the much larger population than a decade ago, is not much above that level. There is no clear evidence that China's present leaders really have the capability to develop an economic system that will remove the obstacles to effective use of resources that have been encountered to date.

In view of China's internal problems, the lack of economic development, the unstable political hierarchy, the deep and bitter animosity with the Soviet Union, the forces on the Sino-Soviet border, it is hard to see why United States should scuttle much-needed domestic programs and distort defense appropriations to overly respond to the "Yellow Peril." It is said that China wants to take over Southeast Asia because these "breadbasket" countries would help feed its hungry masses. But China's leaders are now also aware that agricultural productivity requires individual productivity. This has been lacking in China proper and it could easily be destroyed in such countries as Burma and Thailand and thus turning them from export-producing to import-requiring nations from the standpoint of food supplies. Red China could have taken over Burma years ago when Burma was weak and unstable, yet chose not to do so. Thailand does not seem overly concerned, and North Vietnam's nationalism seems sufficiently strong to prevent any Chinese attempt to take over even their war effort.

For its part, the Soviet Union knows well the location of all Chinese nuclear installations that would need to be taken out and they are within easy reach of their bombers. After all, the Russians helped build these facilities. But the Russians are not irrational either. As viewed

from Hong Kong, the possibility of an all-out war between Russia and China is considered highly remote.

It is true that China has chosen to put a large part of its technical effort into the development of advanced missile systems at the expense of some industrial economic development. But there is no evidence that they have deployed or even tested an ICBM and no evidence that they have deployed any quantities of intermediate missiles, though they have tested some. The setback in education over the past several years and the virtual closing of the colleges and universities will undoubtedly retard China's capability for maintaining and sustaining the necessary basic research and development for these projects.

Within Hong Kong itself, there is grave concern about the future. Visiting the border, we could easily visualize a dozen different ways that 1,000 refugees a day could cross the lines. In 1967, during the Communist riots, land values and stock market values plummeted. But memories are short and as more normal conditions returned, prices rose quickly. Those who have looked at Hong Kong over a long time and have watched the British gradually pull all their forces "east of Suez"—with the exception of Hong Kong—wonder whether the British will remain for the 23 years still pending on the Hong Kong lease with China.

Hong Kong is beset with problems. Daily, the newspapers scream of assault, rape, atrocities, robberies and murder. When will the limit be reached as to how many people can be absorbed? And yet, how could the British give up a colony that seems to have an inexhaustible vitality where the past meets the present and somehow seems to survive and thrive. So long as it continues to serve the interests of the West as well as the East, chances are reasonably good it will continue to grow and prosper.

Salesmanship...

(Continued from page one) moving industry only four years, he holds previous sales awards from Nelson-Westerberg and Atlas, and has been a recipient of a top salesman award from Nelson-Westerberg for achievements in long distance sales.

Vaughan is a member of the North Suburban Traffic Club, Delta Nu Alpha Industrial Fraternity and the Chicago Transportation Club. He has appeared as a speaker before a number of civic groups in the Chicago area as a representative of the moving industry. He resides with his wife and eight children in Lake Villa.

Soil District Will Hold Annual Dinner

"NATURE AREAS WORTH SAVING" has been selected by Floyd Swink of the Morton Arboretum, well known Taxonomist, author and expert on plant identification, as the topic of his presentation of Feb. 7 at the annual dinner of the Lake County Soil and Water Conservation District. This was announced by Chairman Russell Gwaltney of Grayslake at the January meeting of the board of directors.

The topic is especially timely," Gwaltney commented, "since rapid urbanization and pollution are taking such a heavy toll of our remaining natural resources." Swink, the author of "Native Plants of the Chicago Area" is a naturalist and has extensive knowledge of local nature areas such as the Wauconda-Volo Bog.

The annual dinner is scheduled for 6:30 p.m. Additional information on such subjects as ponds, tree planting, soil maps, etc. can be obtained at the meeting, and conservation displays will be exhibited.

Lee Bridgman from the Soil Conservation Service; Elmer Werhane, the Division of Forestry, and Kenneth Fiske, Natural Resource Service Center will be on hand to answer questions. Three directors will be elected to the board. There is no charge for Swink's presentation and no reservations are necessary. Dinner reservations, however, are limited, and should be made early.

What About...

(Continued from page one) difficult to find. This circumstance can hamstring governmental operation.

If cities were as restricted as are townships and counties, many city governmental operations would be literally chaotic.

Cities complain because, they say, an act of the state legislature is required to control stray animals, to regulate the use of bicycles and scooters on sidewalk, or to buy police uniforms, and the like. Obviously, nuisance restrictions such as these do not belong in either constitutional or legislative provisions.

But serious restrictions rest on the backs of townships and counties. It was only until recently that township government in Illinois was permitted to help youth, and to assist in controlling juvenile delinquency. It is restricted in many areas of health service, and can do relatively little in educational pursuits. It is constantly and literally harrassed on tax matters.

Among the advantages of the home rule concept of government, one which is generally listed last is perhaps most important of them all. This is that home

Petty To Be...

(Continued from page one)

Tickets may be obtained by writing to Dinner Dance Committee, 557 Lake St., Antioch, Ill. 60002 or by calling 395-6274.

The evening will be an enjoyable one, so plan to invite your friends to share your table.

Dr. Petty was born on a farm in Richland County, Illinois. He attended a rural one teacher school and was graduated from the Olney Township High School, Olney, Ill. He holds a Bachelor of Education degree from Illinois State Normal University, a Master of Arts degree from the University of Chicago, and an honorary Doctor of Humane Letters degree from Lake Forest College.

He began teaching in the country schools of Richland County, Ill. He was teacher, principal, and superintendent in the public schools of Illinois until March 11, 1931, when he was inducted into office as county superintendent of schools in Lake County, Ill. In years of service he is the dean of county superintendents in the State of Illinois.

He is married and has three sons all of whom are married. He and Mrs. Petty reside in Antioch. He is a member of the Antioch Methodist Church. He holds membership in the usual educational organizations of the country. He is a member of Kappa Delta Pi and Phi Delta Kappa, honorary educational fraternities, and Phi Gamma Mu, an honorary social science fraternity.

For five years Dr. Petty was manager of the Illinois State Teachers Reading Circle Board. In 1941 he was appointed by Governor Green as one of the nine members to constitute the Illinois Public School Commission set up for the purpose of codifying all laws of the State of Illinois pertaining to public schools and public education. He was a member of the evening school faculty of Lake Forest College from 1943 through 1953.

On February 25, 1960, Dr. Petty organized the Special Education Joint Agreement District of Lake County for the benefit of boys and girls who could not be adequately educated in the regular classroom. He considers this one of his outstanding achievements.

Over the years Dr. Petty has been honored with many awards and occasions of recognition. In March, 1956, he was awarded a life membership in the Illinois Congress of Parents and Teachers, and in March of 1968 he was further honored with an honorary life membership in the National Congress of Parents and Teachers. In March, 1966, in special session the school administrators of Lake County honored him with a plaque extending their deep appreciation for his services to the schools and school children of the County and for his conscientious approach to the problems and duties of his office.

At a special meeting in January, 1963, the Grove School, Inc., awarded to Dr. Petty a scroll recognizing his dedicated service to the handicapped children of Lake County. On May 18, 1963, the Lake County Civic League presented him with the Jack E. Sams Award for outstanding service to taxpayers by a Lake County public official. On May 22, 1963, the Lake County Chapter of the National Retired Teachers' Association honored Dr. Petty with a scroll in appreciation of his untiring efforts for retired teachers of Lake County.

Should not a consistent home rule concept allow options within counties? Should not the people of the area not only be given the one-man, one-vote privilege, but also a right to decide how they want to apply it?

Or, should government tell the people what they must do—or not do?

That is not home rule. Nor is it consent of the governed. Nor is it government of the people.

Auto Show Opening February 21

At least three all new American made automobiles, and several made by foreign manufacturers will be shown publicly for the first time at the 62nd Annual Chicago Automobile Show opening Feb. 21 in the International Amphitheatre.

Officials of the Chicago Automobile Trade Association, sponsors of the annual classic, report that plans are moving well ahead of schedule toward presenting the finest automobile exposition to be seen in this country this year. More than a half million square feet of floor space will contain some 500 U.S. passenger cars, imports, dream cars, recreational and commercial vehicles.

Although some manufacturers prefer to withhold the announcing of new models until shortly before the show opens, word from Detroit indicates that Chevrolet will spotlight the all-new 1970 Camaro, its popular sports-type number, and the 1970 Corvette, the two-seater hailed by the division as the only true American made sports car.

Also using the 1970 Chicago Show as an introduction stage will be the Pontiac division. The Firebird, low-slung glamour car for the young and young in heart, will have its first public showing. The Firebird and Camaro are members of the sporty group which includes such cars as the Javelin, Mustang, Barracuda, Cougar and AMX.

Leon Ray, Chairman of the Executive Show Committee, said he wasn't sure just how many new models would be given their first time exposure at the Amphitheatre, but added:

"We do know that the manufacturers are convinced from past experience that it pays them to supplement their regular car lineups with later models. They are also aware that the Chicago Show has proved to be a highly successful stage for mid-year car introductions many times in previous years."

Richard V. Lynch, President of CATA, said this year's show, on the basis of the number of vehicles and special exhibits, will be the largest ever presented in Chicago.

"At least one model of every American made car will be displayed as well as those from leading manufacturers in England, France, German, Italy, Japan and Sweden. And besides the cars the Show will abound with special exhibits, celebrities, games with prizes, comedians and magicians. In general, an all around exposition with something of interest for every member of the family."

In addition to the Chevrolet and Pontiac car lines, the domestic lines to be displayed include American Motors, Buick, Cadillac, Chrysler, Dodge, Ford, Imperial, Lincoln Continental, Mercury, Oldsmobile and Plymouth. The foreign lineup, which appears to be a "Who's Who in Imports," includes Alfa Romeo, Audi, Austin Healey, BMW, Citroen, Datsun, De Tomaso, Ferrari, Fiat, Ford Cortina, Glannil Lombardy, Italia GFK, Jaguar, Lotus, Maserati, Mercedes-Benz, MG, Opel, Peugeot, Porsche, Renault, Rover, Saab, Slataspring, Simca, Subaru, Sunbeam, Toyota, Triumph and Volkswagen.

Show hours are from 11 a.m. to 11 p.m. through closing night.

Instrument Class Is Beginning

A new adventure in music will be provided by The Music Center of Lake County, Inc., as it starts a new class in string instruments for beginning and intermediate players, David Goodman, director, announced today.

He said the string classes are designed to supplement public school orchestra programs. Enrollment will be held this month and in early February.

Tuition is \$1 a week with classes to be held in The Music Center, a non profit fine arts school, located in Lillac Cottage, Bowen Park, 1917 N. Sheridan Rd., Waukegan.

Instruction will be in violin, viola, cello and bass and each class will have students at the same general level of achievement. The school will provide duet and ensemble music graded in difficulty for each class level, he stated.

Goodman also said that auditions for the Community String Orchestra will be held at the school through early February. The orchestra, now in its third year of existence under the direction of George Swigart, is beginning to receive regional attention. Adults and youth are invited to audition for the orchestra which is headquartered at the school.

AMP Members Protected From Losses

Dairy farmer members of Associated Milk Producers, Inc. all will be protected from milk market losses resulting from natural disasters, effective immediately.

Action to approve these benefits and the seating of two new members on the AMPI board of directors were taken at the regular meeting of the board Thursday, Jan. 8, in the St. Anthony Hotel at San Antonio, Texas.

The two directors were Henry Groter, Sanborn, Iowa, and Geralt Rensink, Ashton, Iowa.

Associated Milk Producers, Inc. has grown rapidly since 12 co-operatives emerged last November 1 to form the organization. More than 27,000 dairy farmers representing over 30 former co-operatives in an area from the Canadian border to Texas are now members of AMPI.

The disaster benefit program had been expanded to include all members in AMPI's Tri-State Region (Wis., Ill. and Ind.) last month. Under the program, dairy farmers are assured continuing income when loss of milk marketed results from natural disasters such as barn fires, hurricanes, tornadoes and other windstorms, electrical power failures, and impassable roads due to snowstorms or flooding.

The program was initiated 40 years ago by Pure Milk Association, Chicago, one of the co-operatives which merged into AMPI last November.

Sunday, March 1. Admission is \$1.50 for adults and 75 cents for children 12 and under.

The Chevrolet division again furnish free bus service from several Loop locations to the Amphitheatre from 11 a.m. to 11 p.m. on weekends and from 8 to 11 p.m. on the week days.
